**TALON**

The image features a close-up, slightly angled view of a brick wall. The bricks are a light tan or cream color, showing some texture and minor imperfections. They are laid in a standard running bond pattern. The mortar joints are a darker, greyish-brown color. In the lower right portion of the image, the words "eighty five" are written in a large, elegant, black cursive script. The text is slanted slightly upwards from left to right. The overall lighting is even, highlighting the texture of the bricks and the smoothness of the script.

## MASQUERADE

Behind a faceless mask so many seem to hide,  
Changing day to day as if drifting in the tide  
Never an easy task climbing over the inner wall.  
Afraid of being crushed in the wind, like a paper doll  
If perhaps I shine, just who will see my light  
What if I'm only a match, or a candle in the night  
I must open this passage to emptiness, and bring forth my identity  
Only then will this losing streak, be turned to powerful victory.

# TAKE CARE, MR. RILEY

Many fine qualities are apparent in **Mr. Riley's** leadership of Central Valley High School. One that comes to mind is his availability to students as well as teachers and other staff members. **Mr. Riley** makes himself visible and available to the student body. Students know him, and he

knows them, and he is always willing to listen and talk to them.

Another fine quality has been his ability to support all facets of the education offered at a high school. He has added support, both emotional and financial, to vocational, academic, and athletic programs as well as

to the student activities program of Central Valley High School.

**Mr. Riley** has been a successful administrator at Central Valley High School, and his policies will be an influence for years to come. We, the staff, will miss him.

-David C. Ashcraft

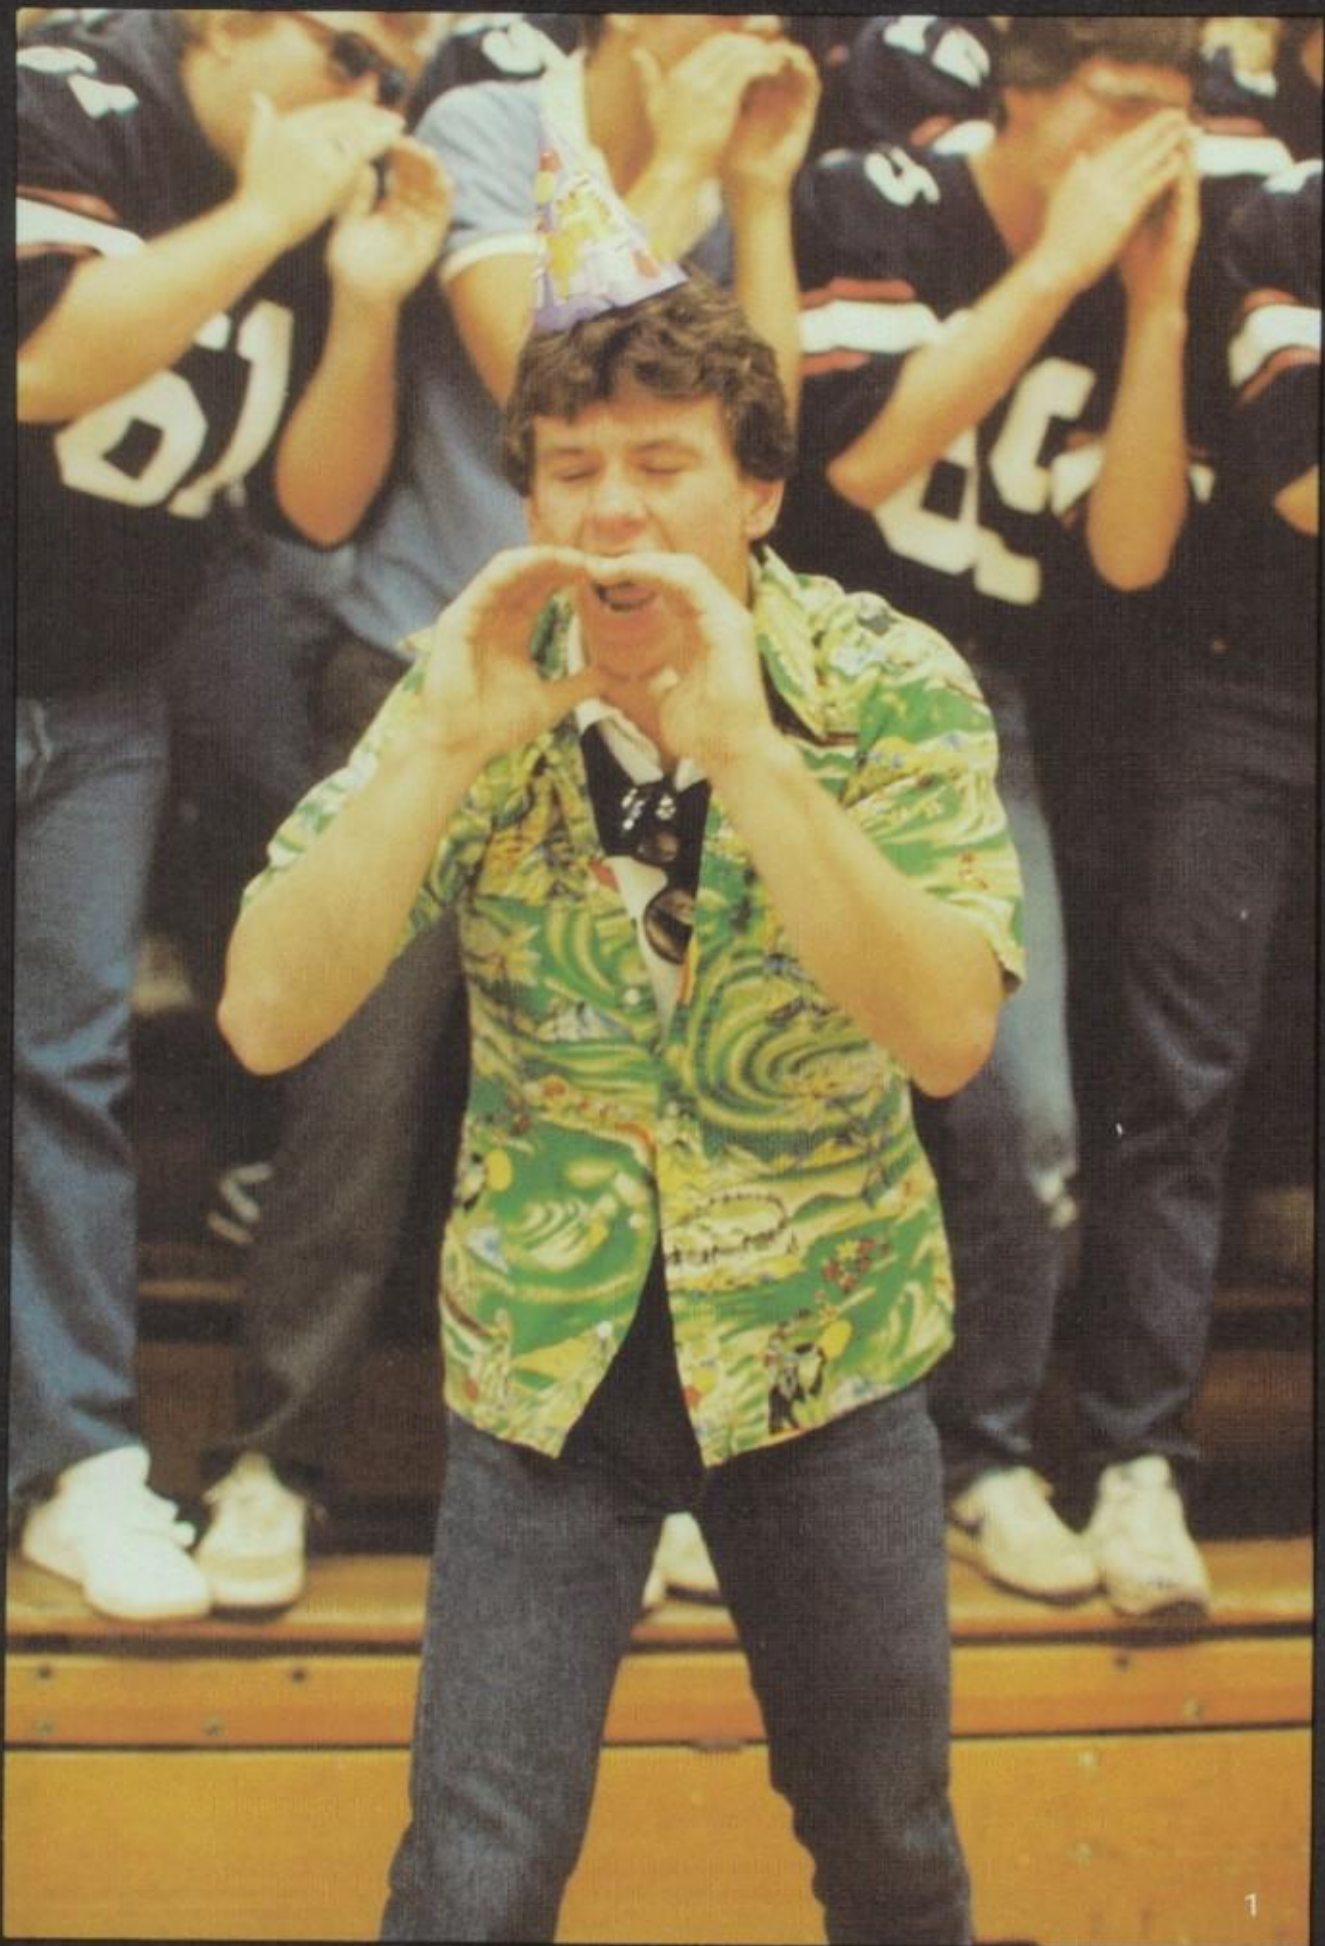

This yearbook is dedicated to **Mr. Riley**. Thank you for all that you have done to make this school the best school around.

Good luck with the future.

# FADS AND FASHIONS

Today's look is a combination of the 40's and 50's, but it has a look all of its own. The guys dressed with a little more class, wearing ties and dressy hats. They wore topsiders as well as sports shoes. Breakdancing

contributed to the world of fashion with parachute pants.

The girls looked more feminine, wearing bobbie socks and cropped pants. They also seemed to wear rugged looking earrings and

stone-washed pants.

Fads come and go and fashions change from year to year, but they are all part of us.

FALL

# UNFORGETTABLE MOMENTS

Homecoming Royalty was different this year. Royalty was announced at halftime of the varsity game, instead of at the **Homecoming Assembly**.

**Sophomores** were crowned first; the princess was **Michelle Thomas** es-

corted by prince, **Troy Tanner**. The Junior Royalty was princess, **Theresa Rickard**, escorted by prince, **Damon Streetman**. The Senior princesses were **Lisa Stellmacher** and **Tracy Bur-**  
**cham**, and the Senior princes were **Jon Murray**

and **Rick Zanola**.

Then the moment everyone waited for, the 1984-85 Homecoming Queen was **Michelle McKinnis** and King was **Greg Collier**.

# AN UNTRADITIONAL HOMECOMING

Homecoming Week was full of excitement and participation. The annual dress up days were a success. They included 50's, rock star, nerd, inside out/lampshade, and traditional blue and white days. As for some

of the other traditions like hall decorating, individual class float building, and the car rally to Thompson Field, these were cancelled, due to the intense class rivalry and some destructive stu-

dents. But, in the end, each class pulled together to build one float to the theme of our Homecoming, "American Graffiti."

MEET BRIAN TROTTER

**Brian** is a four year veteran of football. He has played various positions this year which include starting at wingback and sometimes playing corner.

He always hustles and never gives up; he is full of spirit and enthusiasm. **Brian** felt that the attitude of this year's team was exceptional and that the spirit and positive attitude from the new coaching staff lifted the players' morale quite a bit. **Brian** said he will miss playing football at C.V., but will try to carry his spirit to **Shasta College**. **Coach Howard** stated that **Brian** did an outstanding job this year.

-**Brian Willyard**

## VARSITY FOOTBALL EXCELS

This year's football team was outstanding. It's been a few years since any varsity team has done as well as this year's team. Barring any injuries, **Coach Howard** said that his ballclub will do very well this season and win some ball games. He

would like to win all the ball games, but we will have to eliminate some blocking errors and stay healthy throughout the season.

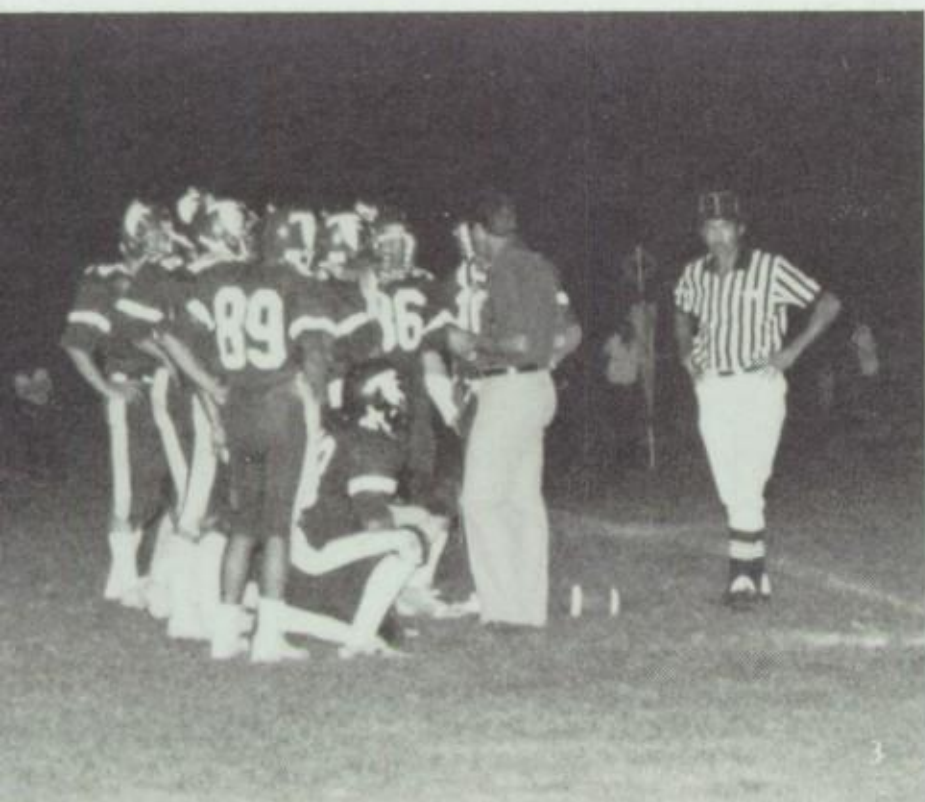

**Coach Howard** commented that there was a lot of talent, but **Steve Rodriguez** stood out very well on

offense and defense. **Coach Howard** said that he and the team had a lot of fun this year, and that he wishes it would not end so quickly.

# J.V. WORKS TOGETHER WELL

In order to have a winning team, you have to work together to achieve your ultimate goal. This year the **J.V.** team worked together to achieve their goal of having the best season of any **J.V.** team in the past five years.

**Coach Beauguess** thought that the team did very well and were very

competitive ... Three of the players that stood out on this year's team were: **Troy Tanner**, for offense, and **Steve Tavalozzi**, for defense, and **Mark Grove**, for all around player.

The **J.V.** team was fortunate to have two former **C.V.** football players as assistant coaches. They were **Dennis Daley** and **Gary**

**Ramsee**, whose assistance was greatly appreciated.

The **Central Valley J.V. Football** team did very well this year. They worked very hard together as a team, and did an excellent job, and we were very proud of them.

## PRIDE AND HARD WORK

This year we had a surprisingly spirited cheerleading squad. They really got the crowd involved, and we needed crowd participation.

The 1984 Football cheerleaders were selected last spring. For tryouts the girls had to perform one cheer and a routine of their own.

They went to cheerleading camp over the summer at **USA** camp in **Chico** where they learned cheers and routines. They also learned how to generate spirit and how to improve their moves for the upcoming games.

The cheerleaders do their own skits for rallies and spe-

cial events. Our head football cheerleader was **Michelle McKinnis**. "Cheerleading, despite what many people think, and say, requires a great deal of hard work and pride- pride not only in your team, but in your school as well."

**-Laura Johnson**

THE MAN

There is a new man in town. His name is **Keith Bailey**, and he's the man behind the action.

He recently moved here from **San Bernadino** where he was student activities director for over 2300 students. He was born in **Honolulu** where he graduated from **Pacific High**. He then went to **U.C. Riverside** and received his B.A. degree with a P.E. minor.

He dreams of a vacation in the **Carribean**, scuba diving, golfing, eating well, swimming, and sailing on cruise ships.

His goal in life is to have a comfortable life and home. He has no need to be rich. He says "Money can't always buy you happiness!". He is married and has three children.

**Mr. Bailey** says the best things about our school are the nice people, our spirit, and how conservative we are.

## WHERE THE ACTION IS

If you want to know where the action is, follow the crowd on Friday's after 2nd period to the boys' gym. Rallies are held before most major games and special events, like **Homecoming**.

This fall's major rallies were held

the first week of school, before the game against **Enterprise** which we won 21 to 10, and before our **Homecoming** game.

The purpose of the rallies is to guarantee that our **Falcon** spirit is high before our important games

and to encourage students to go to the games and cheer on our team. There are skits and cheers done by our cheerleaders and, of course, our **COMPETITION YELL!**

**-Laura Johnson**

# FALCON'S FULL OF DETERMINATION

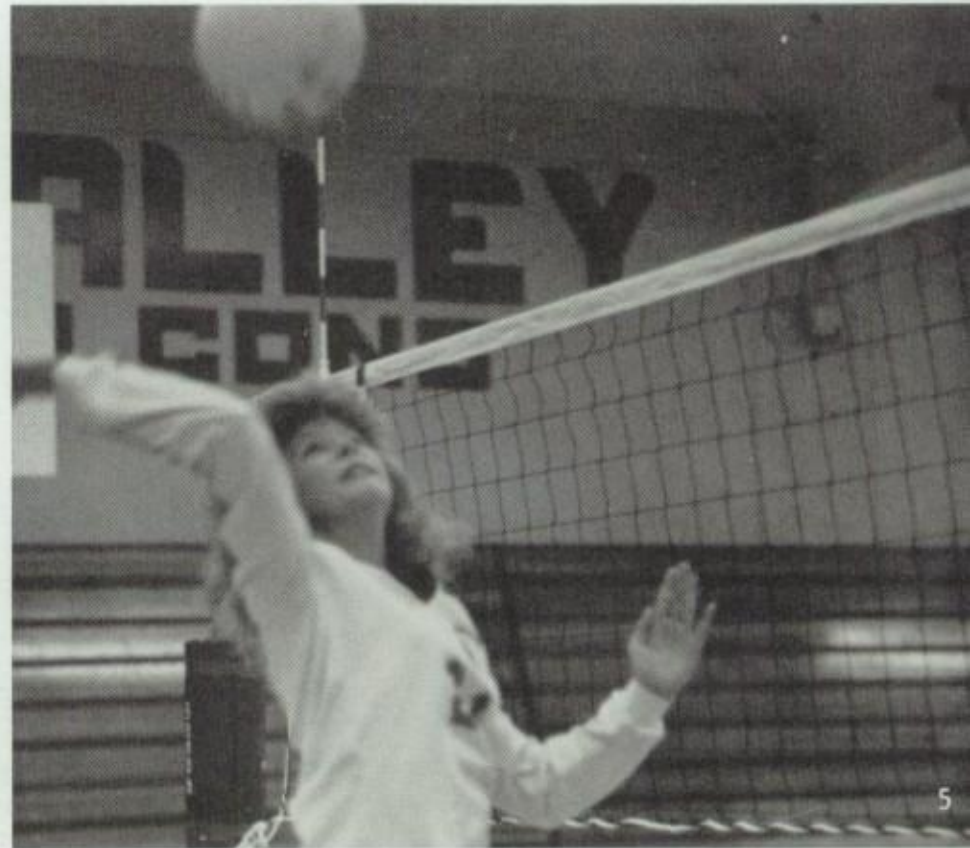

The **Junior Varsity** volleyball team of 1984 was a team of determination and dedication. Although their season did not go as well as was expected, they

worked hard and had tremendous spirit.

Some outstanding players were **Julie Krofcheck** and **Corri Maloney**. Their coach, **Sean Murphy**, was

proud of the entire team. He gave his continued support along with the rest of us.

# GIRLS' SHOWED FALCON'S PRIDE

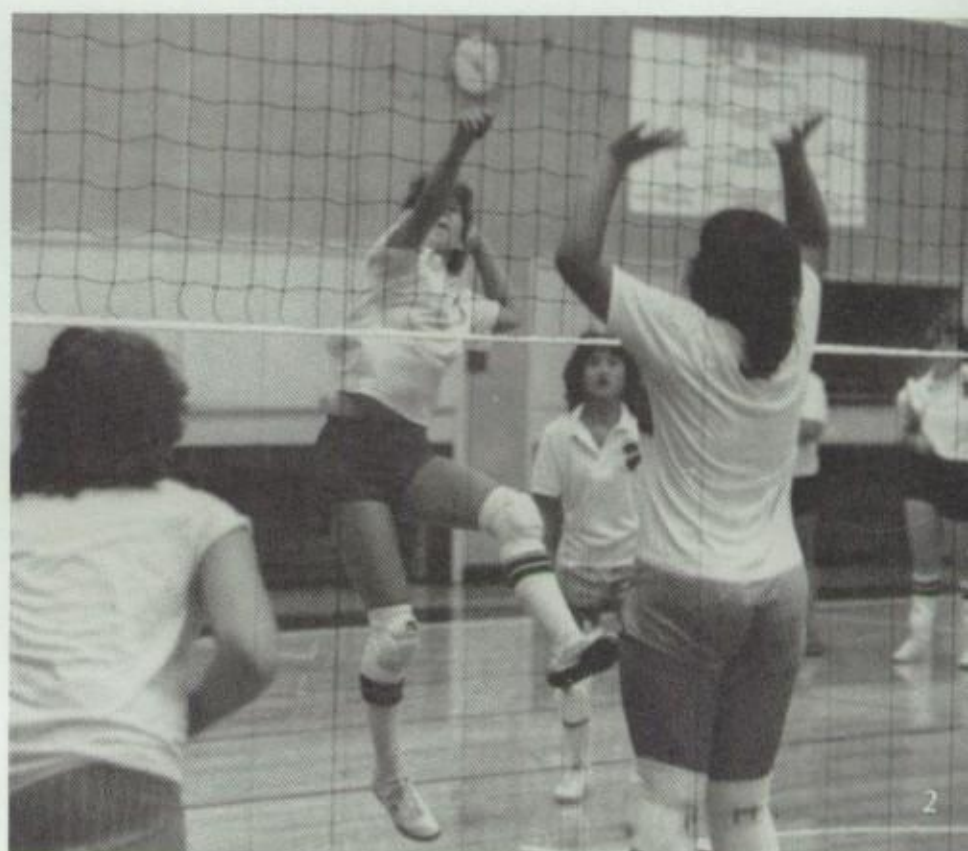

The Varsity volleyball team opened the season with a smash, winning first place in the N.A.L. Tournament. **Pat Chase** had a strong influence, on the girls', which made them the best they could be. "All their hard work finally paid

off", said Pat, their proud coach.

Some of the outstanding players this year were **Chris Friesen** and **Jadelyn Albert**. **Chris** won Most Valuable Player, while **Jade** won All Tourney. Another recog-

nized teammate is **Shanna Schienle**. "The team has done very well throughout the year. The hard work has lifted each teammate's spirit.

# AN UPHILL BATTLE

One of the fall sports that not too many people know about is Cross Country. According to **Eric Goodwin**, it's the most demanding sport at this school. The varsity team runs 3 miles and the J.V.'s run 2.5 miles in a race.

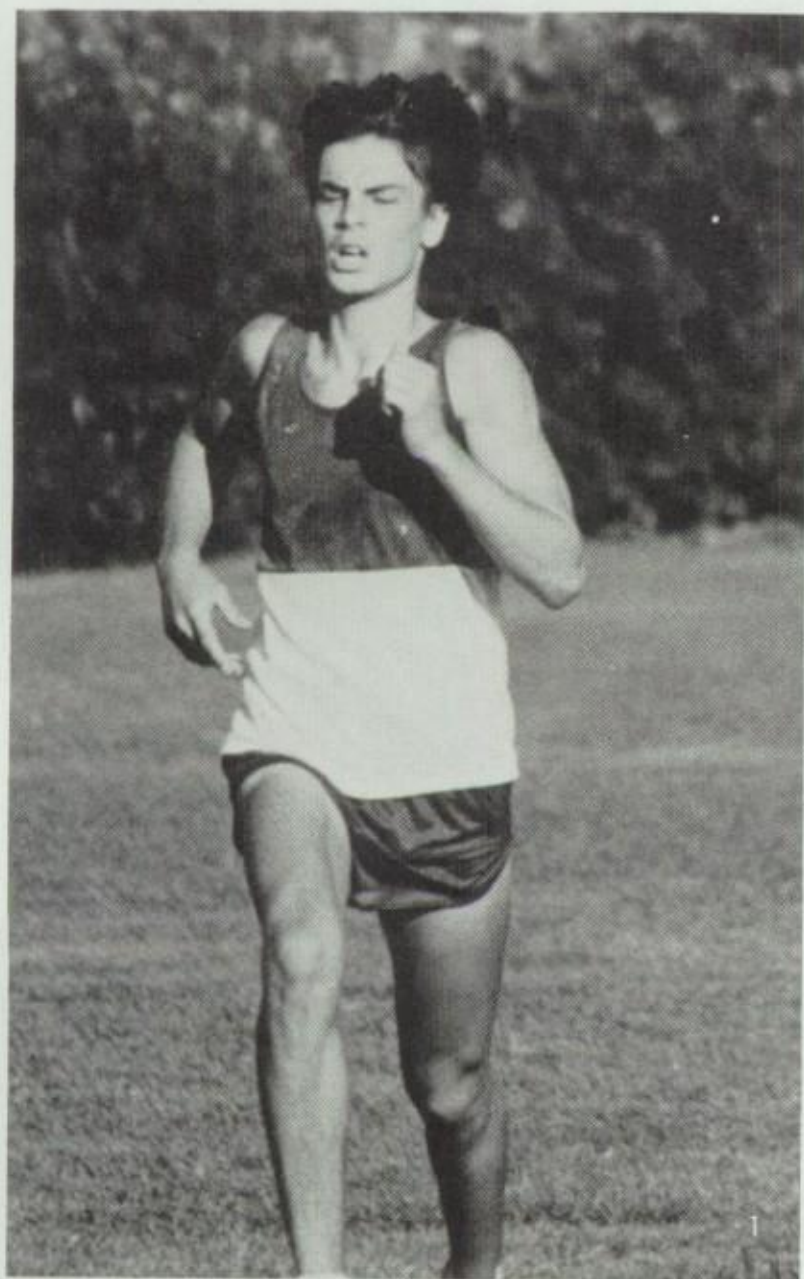

**Central Valley** has the toughest course in the

**League.** It is run over a combination of different-sized hills, and through creeks, fields, and woods. They run in any kind of weather. For practice they run between three to seven miles a day, and sometimes stop off at their swimming hole below Shasta Dam.

The top runner for the

varsity boys' team was **Randy Penn**, and **Judy Manning** was the top runner for the girls' team. **Coach Don-lak** enjoys working with the team. She feels that there is a good attitude among the group, and that they all work together.

## GIRLS MATCH POINTS

The **Central Valley Tennis** team had their first meeting during the last week of August, before school started.

There were no tryouts. The team was formed by a few new members joined by the returning players from previous years.

The girls' rank on the team was determined by

practice and skill.

**Cliff Peterson**, who has been the girls' tennis coach for the past five years, commented that this year the team probably played the best that it ever has since he has been coaching.

"They had a great amount of potential and skill within the team", stated

coach **Peterson**.

The team consisted of seven players from the last two years, and several were added mid-season. They were **Renee Rideout**, **Beth Avery**. **Tami Dewell** went on to N.A.L. sections.

**-Louise Corbin**

MEET TAMI DEWELL

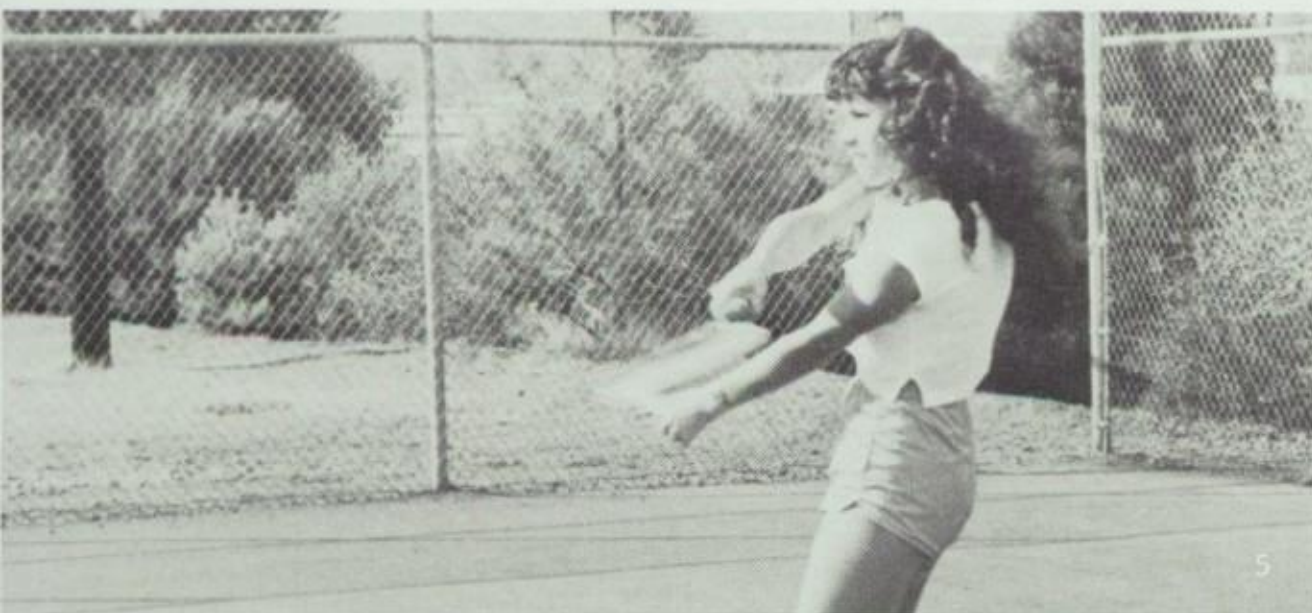

**Tami** has been playing tennis for three years. She was first interested in racquetball, but her mother persuaded her to try tennis. She joined her to try tennis. She joined **Sun Oaks Racquet Club** and started playing.

She is on the junior tennis team at **Sun Oaks** and has been for three years. Her coach is **Frank Guitherez**. Each summer she goes on a tennis tour down south.

Last year she did not achieve as much as she had hoped because of a case of mono. There were problems that arose amongst the team, and they did not accomplish what they wanted to.

**Tami** made the **N.A.L.** team and went to Sections. She won the first match, and was defeated in the next match by the girl who placed fourth.

## LET'S GO CRAZY!

That was the theme for this year's Student Council and A.S.B. President, **Stephanie Bredeson**, says it was perfect. Student Council has always has a reputation for having some of the rowdiest students in the school, and this year **Stephanie**

was really pushing that idea. Wild, crazy and fun is what this year's fall Student Council was all about, and so . . . they went crazy!!

Hats off to Student Council for all their hard work and dedication in making this a great year. They all worked

overtime to put together dances, rallies, homecoming and many other things that make our school so great.

# ALOHA, SOPHOMORES

The students at **Central Valley** know where to go to live it up. **Central Valley's** dances are a time to get away from school work and to meet new friends.

We started the year off with an **Aloha** dance to welcome the new **sophomores** to **Central Valley**. This was an exciting time because a lot of students dressed up in their **Hawai-**

**ian** attire to show their **Falcon** Spirit. This dance was put on by the **sophomore** class.

The next dance was the **Turkey Trot** held on November 16, 1984 from 9-12. It was put on by the **junior** class to celebrate **Thanksgiving**. Everyone really enjoyed themselves and had a great time.

The music that makes us

move is provided by **Bobby Mel** of **K-60** radio. This man arrives early and leaves late with a whole show geared to the high school crowd. He stated that **Central Valley** students were, "the greatest bunch of students I've ever played for, with high spirit for student activities."

## THE TALENTED FEW

Boys' basketball at **Central Valley** shows no signs of weakening in the future. Talent, potential and skill have shone brightly in this year's **Junior Varsity** team.

Though the season started slowly, things looked brighter as time went on with the help of some of the teams stronger players who

were the following: **Ron Jennings, Mike Daily** and **Steve Tavalazzi**.

Not unlike our **Varsity** team, these boys share a strong team unity which is important to a winning team.

Most of the boys are friends on campus as well as off, and they form a close-

knit group. They know each other well and that created a lot of synchronicity which is important in basketball.

We can be proud of our boys', they have shown the kind of dignity, spirit and class that makes **Central Valley High** the greatest.

## TEAM SHARES PRIDE

We have a team this year which we can be proud of. Our boys have a certain spirit and pride that is unique in a basketball team.

**Rick Zanola** says he's proud to put on his uniform, and he feels there is more pride in our team than most.

It's safe to say the rest of the team shares the same pride.

**Jon Murray** is proud of the team's quickness and brain. "Our GPA is 3.17, and that makes a difference when you're on the court."

Most of the boys on the team have known each

other since grammar school and like our last years **NAL Champion** team, have a special bond which pulls the team closer together.

**Bryan Cobb** seemed to be the team favorite this year, and he along with the other senior players, specifically; **Jeff Breedlove, Jon**

**Murray, Bob Dias, and Brian Leedy**, have all worked hard to improve and provide leadership for the younger players.

**Mr. Strohmayer** made this comment about our team with truth and pride. "This group of players is a credit to the school and the community and is really enjoyable to coach. They are enthusiastic, hard working,

and dedicated to becoming a great team."

Our boys have pride and class that just won't quit; combine that with their spirit and unity and they'll always be winners!

# GIRLS SPIRIT HIGH

This year's Cheerleading squad was made up of some talented girls. The cheerleaders went to camp over the summer, where they had fun and learned new cheers and

routines.

"Cheerleading is harder than it looks, because you have to practice for hours at a time to get it right," stated **Tracy Burcham**, Head Cheerleader. This

year has been really fun, and she enjoys the spirit of the crowd and the excitement of the games.

## GIRLS SHOOT FOR TITLE

The **1985 Junior Varsity Girls Basketball Team** had an excellent season, but even though they had an

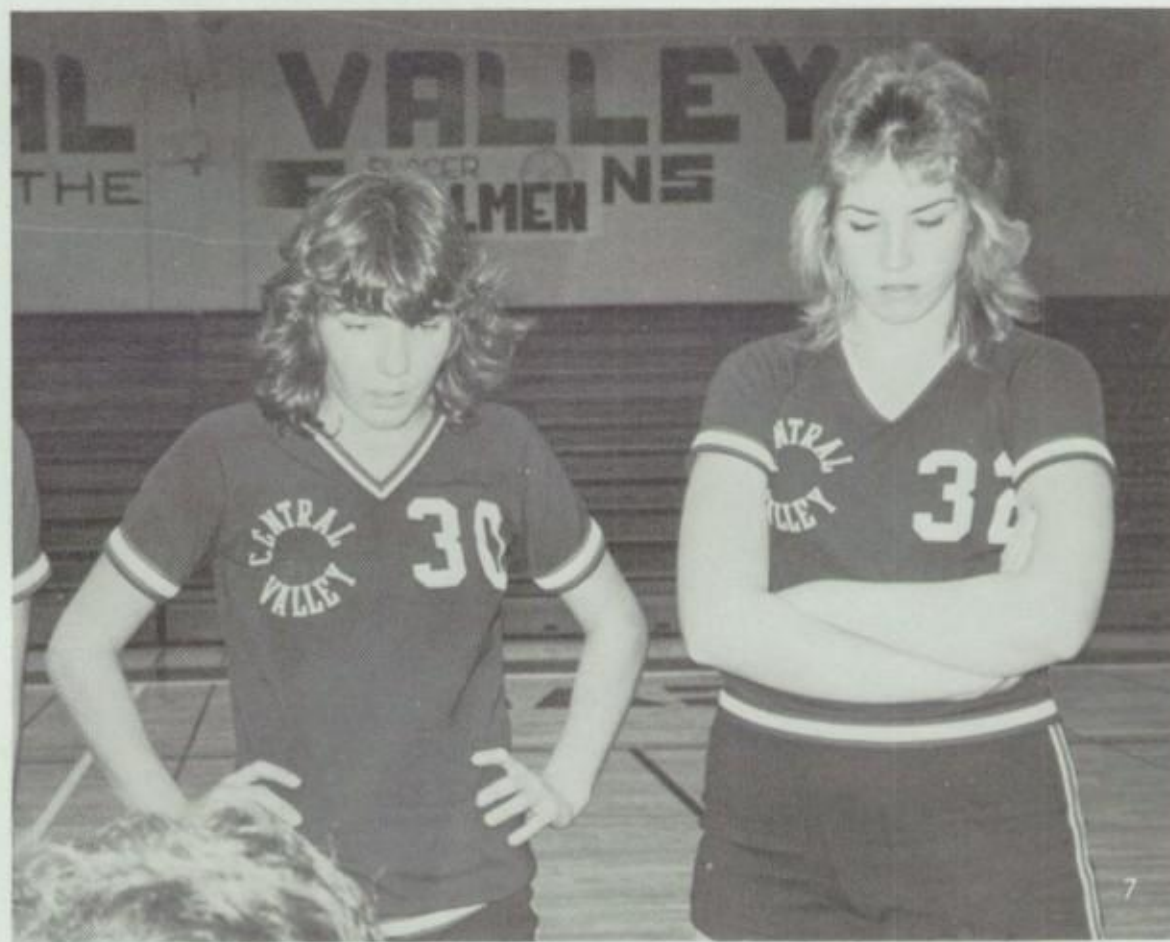

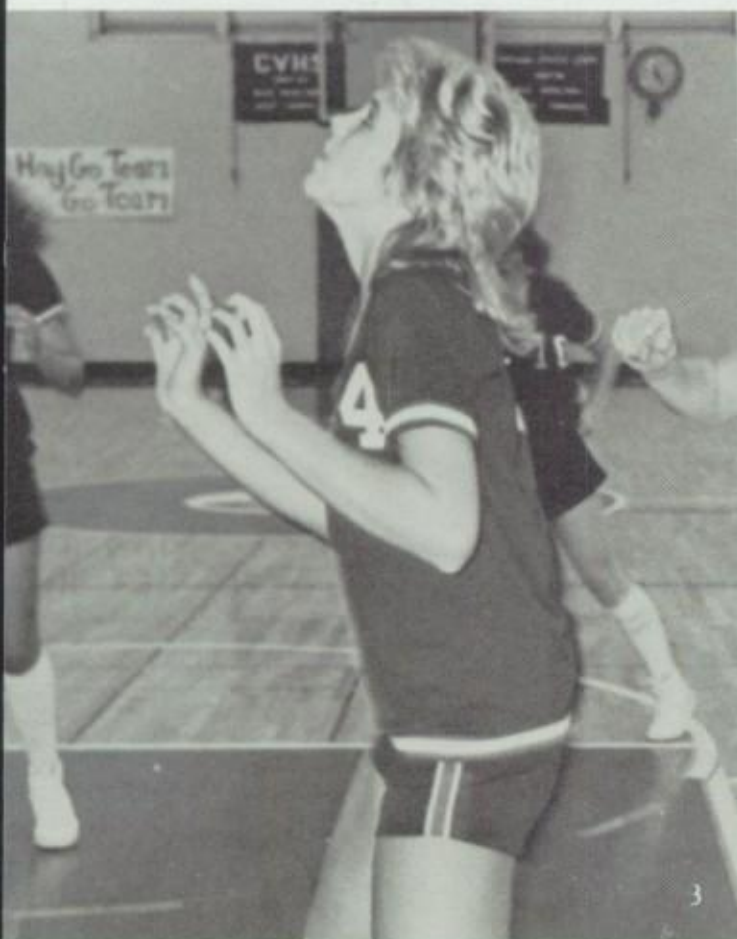

excellent season, more support from the crowd would have been appreciated. The team got along well,

had a good time, and looked forward to playing **Varsity** ball.

# GIRLS DO US PROUD

The **1985 Varsity Girls Basketball Team** did Central Valley High School proud this year. With **Chris Friesen** who led the way all

the way as the **Most Valuable Player**, they had a very successful season.

"We worked as a team and got along very well,"

said a team member. "We practiced hard, but the hard work paid off in the end."

# SEASON OF TRIALS

This year our Basketball rallies could be considered a season of trials. Instead of holding the same old games and routines, our president **Stephanie Brede-son** worked very hard to make these rallies different and much more enthusiastic.

To get the students interested and full of spirit, stu-

dent council and the spirit squad had student awards made up. This really got the students involved. Some of the more exciting awards were nerd, brown noser, air-head, and there were many others.

This year there was also a **Basketball Homecoming** held. Foreign exchange stu-

dent, **Olof Cardelus** was King and sophomore **Kim Barr** was Queen. These rallies have been the best rallies in awhile. The students showed a lot more spirit and enthusiasm. The season of trials ended up to be a season of spirit and fun.

# THE BIG CHILL

The theme of this year's **Winter Festival** was "**The Big Chill**". There were dress up days throughout the week, and the candidates for **Homecoming** royalty were nominated.

During the rally the **Homecoming** royalty was announced. First the **Lord** and **Lady**, who were **Pierre**

**Peasha** and **Lisa Stellmacher**. The **Duke** and **Duchess** were **Bob Hall** and **Tracy Burcham**. **Jon Murray** and **Renee Cunningham** were **Prince** and **Princess**, and last announced were **King Olof Cardelus** and **Queen Kim Barr**.

This was followed by the parade of the class floats

and class skits. The juniors were the winners of both the class floats and class skits. The **Competition Yell** which had been absent from the past three rallies, was won by the seniors.

The basketball teams played that night and won three of the four games.

## THE MUSIC MAKERS

The band is made up of seniors, juniors, and sophomores. This year there are many sophomores, so the class is relatively large.

The whole class has improved quite a bit from the beginning of the school year and teamwork has

helped them to do it.

Our leader of the band is **Mr. Nigro**. He has been involved in music since he was in the fourth grade. All together he has been teaching band for ten years, three at **C.V.H.S.** This year he is also teaching at

**Nova**. He says, "It is fun, but at times it is very trying."

**-Sandi Caldwell**

1. **Mr. Nigro** directing his band class. 2. Band members from **C.V.H.S.** and **Nova**. 3. Back row left to right- **Craig Kemper, Mike Copper, Trent Montgomery, Cory Wilburn**, Front row- **Jody Wilson, Debbie Perry, James Leedy, Brian Leedy, and Mr. Nigro**. 4. Band members give their best effort. 5. Waiting patiently to play. 6. **Mr. Nigro**.

# SINGING SENSATION

This year's choir may be one of the smallest choirs that **Central Valley** has ever had, but they could be considered a singing sensation. Choir works hard to put on the best concerts possible.

Throughout the year choir works on four major branches of music. This music includes Classical, jazz, pop, and metericals. Choir conductor, **Mr. Nigro** stat-

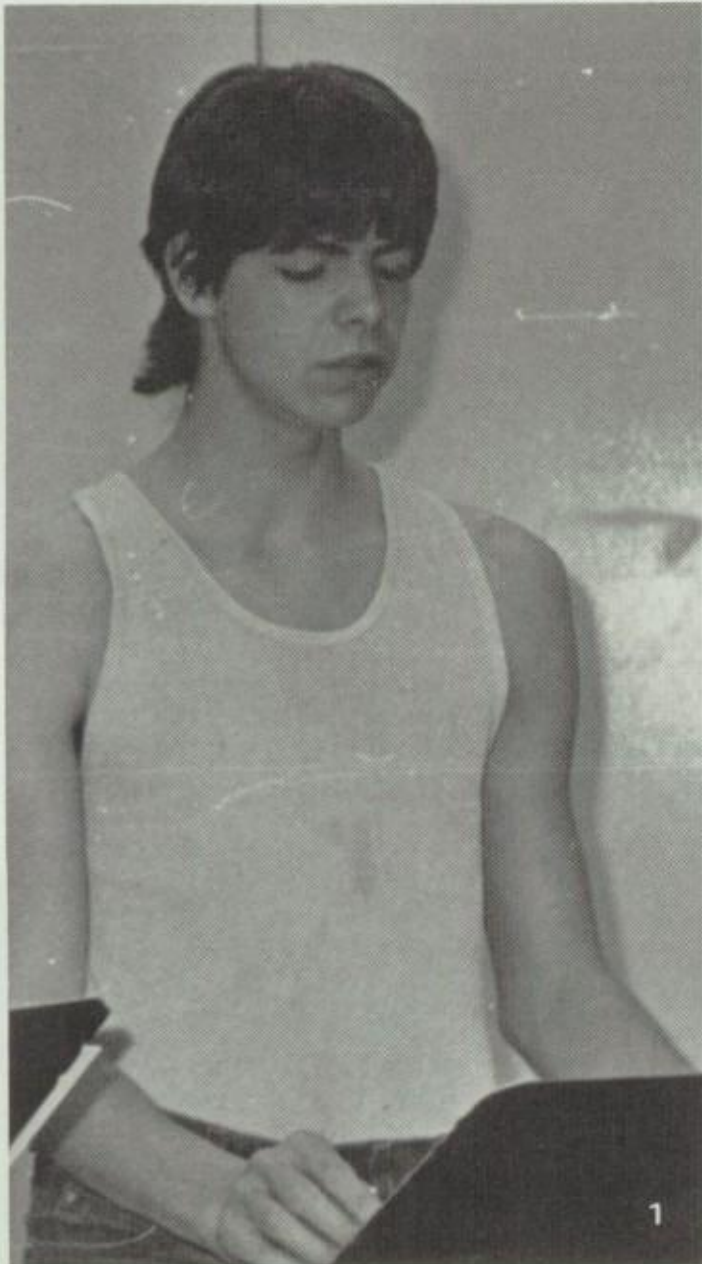

ed, "The hardest part of choir is teaching the students how to read music. Most students come into choir not knowing how to read music, but by the time they leave they know how to."

When asking **Mr. Nigro** what got him interested in teaching music he answered, "I was in **Las Vegas** and really enjoyed music and decided to go into

teaching music." **Mr. Nigro** has been teaching music for ten years. He has been teaching music here at **Central Valley** for three years.

Even though choir has its ups and downs, everyone gets along with everyone else and they do their best to make things work.

## THE HARD WORKING STAFF OF TALON

Putting together a yearbook was a lot of hard work. It costs about \$23,000 to produce a book and the cost can go up or down every year. To pay for the book the Talon staff had to sell \$300 worth of ads each, as well as put on many fund raisers.

Many skills had to be

learned before the staff could start on any assignments but once they learned they did their best to complete their pages on time. Every deadline was always a hard time for everyone, but we made it through. We wouldn't have had pictures without the talents of the photography

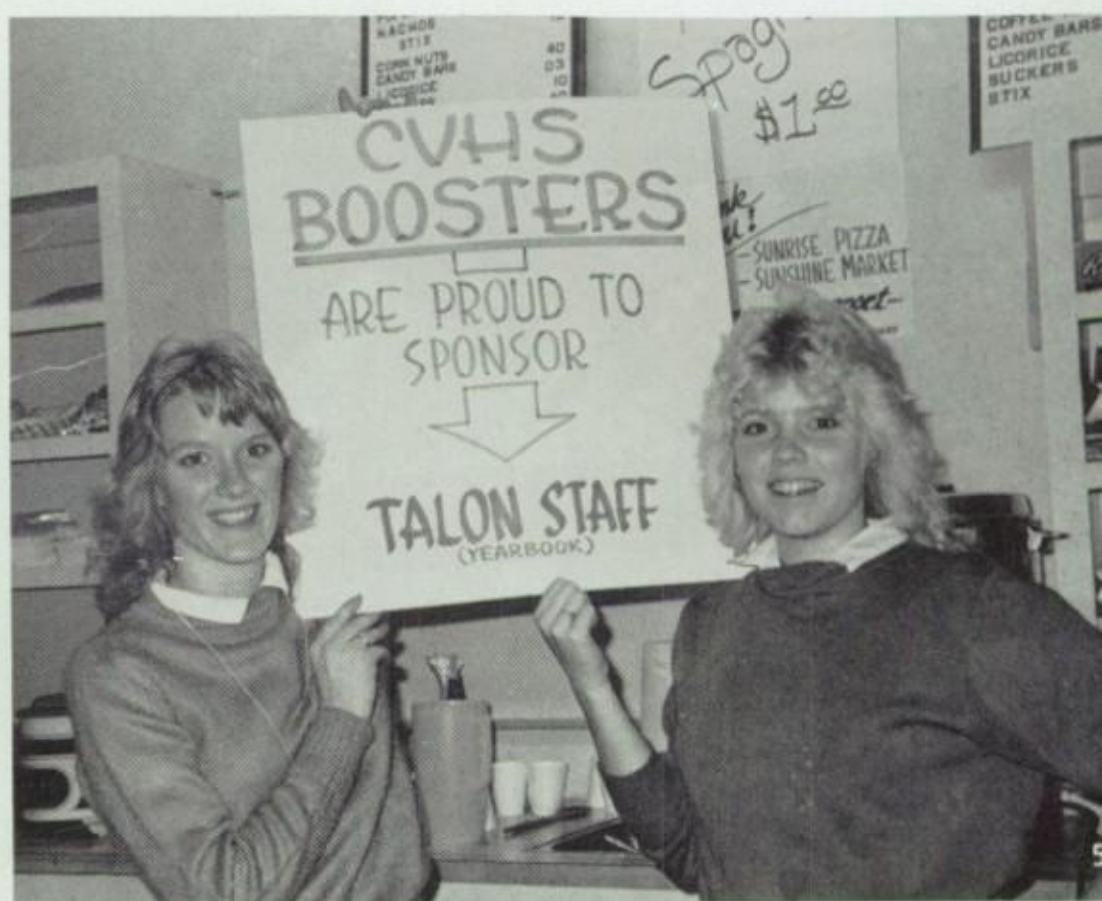

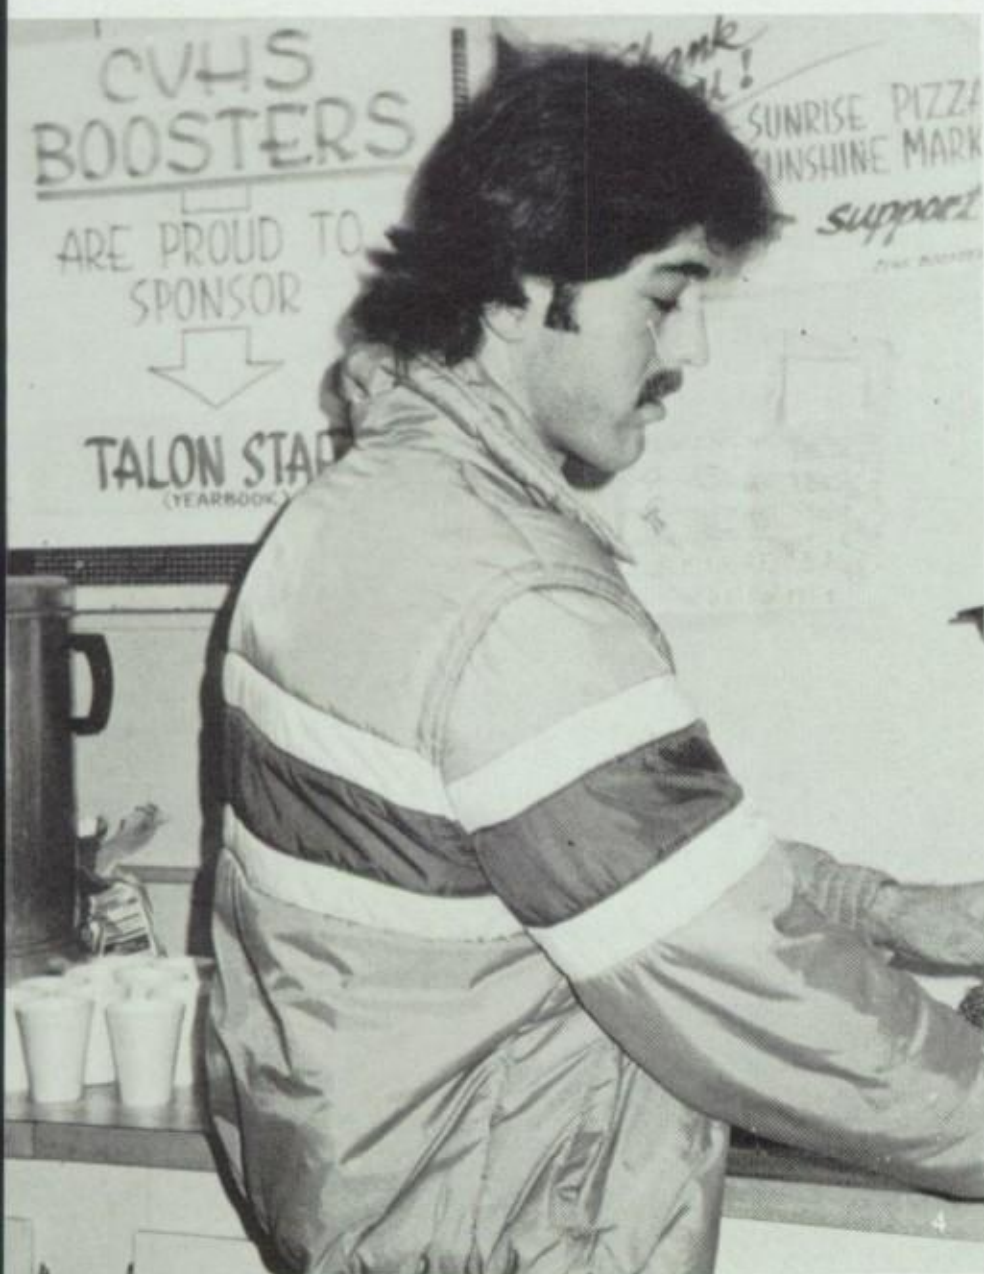

staff. They had to work just as hard as everyone else on the staff and had as many problems.

After a few setbacks the Talon staff of '84-'85 did a tremendous job of putting together the book.

# ONE BIG HAPPY FAMILY

This year's 1984-85 newspaper staff is a very large staff. There were ten new students added to the staff, and half the staff were seniors. Every single person on the staff was important, and everyone got along, which made the newspaper work. "No one tries to be better than anyone else; we're all equal, and we work

together to put out the best paper we can", **commented**, senior, **Scott Eckert**. Photographer, **Nicki Moen**, a sophomore replied, "I like being on the staff very much, and I get along with everyone."

The newspaper is self supporting. They put out the football programs along with selling ads and having fundraisers.

The staff puts out eight or nine newspapers during the year. Each one covers News, Sports, Features, and Editorials. "It takes four weeks to produce each issue", said **Sheri Hammonds**, senior Editor-in-Chief of the newspaper staff.

# UPHILL CLIMB FOR COACH

This year's **Wrestling** team was very strong. "They have a lot of potential," **Coach Paul Laine** stated "If a few individuals work hard enough, they can go far. We started out with a lot of people, but it

seems like you lose them every day," Laine stated. The coach felt that our team would surprise our rivals in the **NAL** with some tough competition. He felt that junior **Larry Hill**, senior, **Joe Ward** and **Brian Wil-**

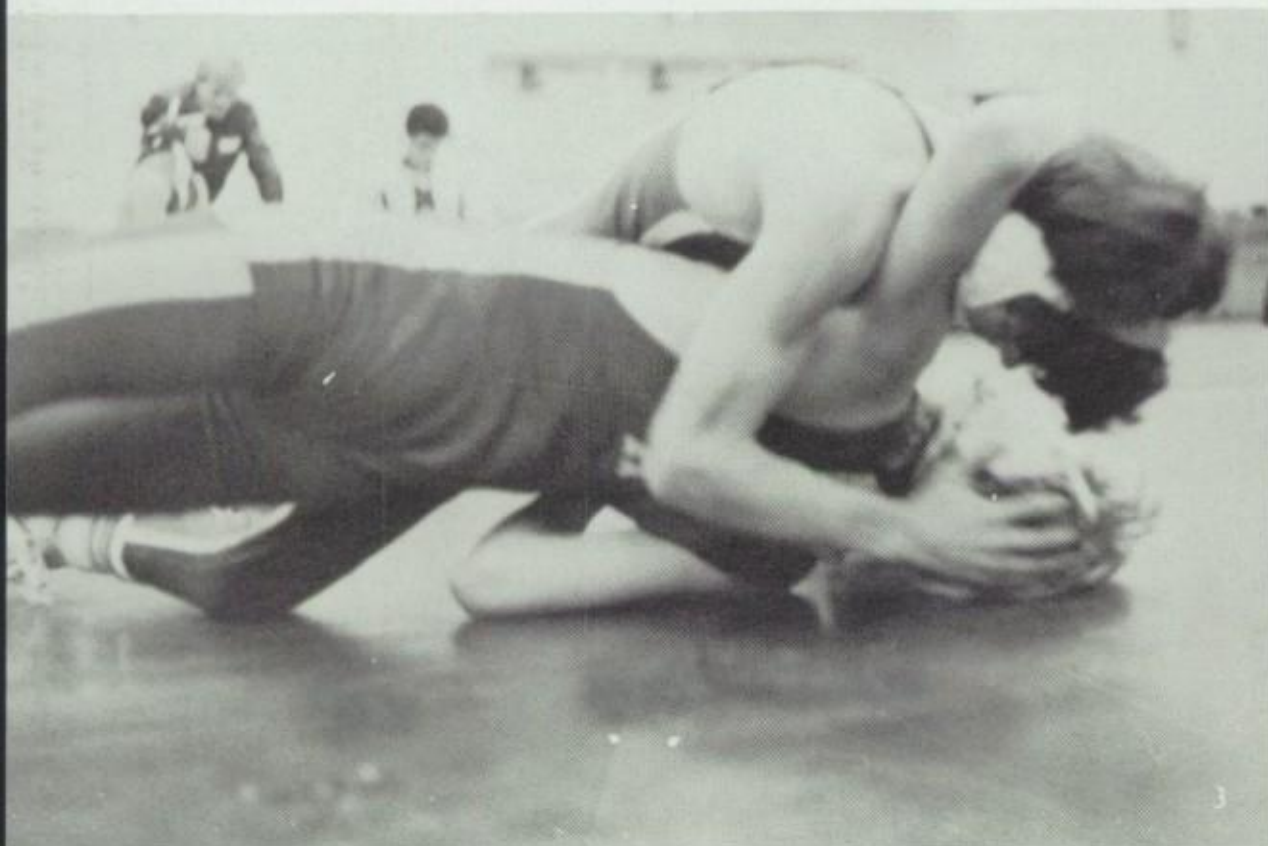

**lyard**, will be league contenders and go on to **NSCIF**.

In spite of the coach having to miss practice from time to time the wrestlers had confidence they will do well.

1. **Joe Ward** is in a little trouble. 2. **Joe Ward** goes for the pin. 3. **Larry Hill** finally gets a pin. 4. **Joe Ward's** mug shot. 5. **Joe Ward** tries to escape. 6. **Scott Packwood** is very determined to escape. 7. **Scott Teel** tries to use his muscle.

### JOE WARD

Meet **Joe Ward**. **Joe** is a former varsity wrestler, but this year's different. **Joe** and a few others are league contenders. He has wrestled for six years and loved every bit of it. **Joe** plans on going to **Lassen College** and major in **Forestry** and finish his career in wrestling. **Joe** says, "**Wrestling** is the most intense sport; it keeps you on your feet because anything can happen at any time. Wrestling is an individual effort not team effort, and it brings out what you have got inside."

-**Brian Willyard**

# BRIDGE BUILDING

**David Ashcraft, C.V.S's** physics teacher, thought of an idea eleven years ago that would develop more interest and be a fun project with which his physics class could experiment. This is now an assignment that the physics classes do every year before Christmas time.

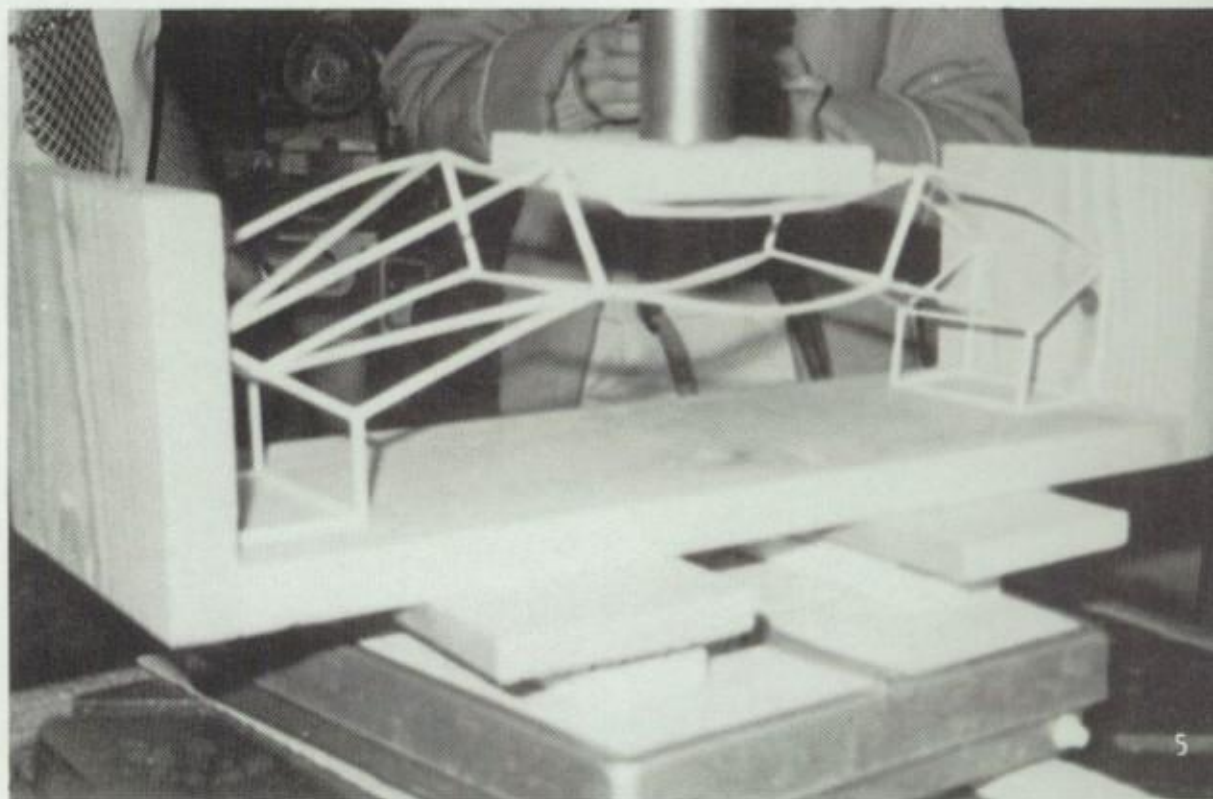

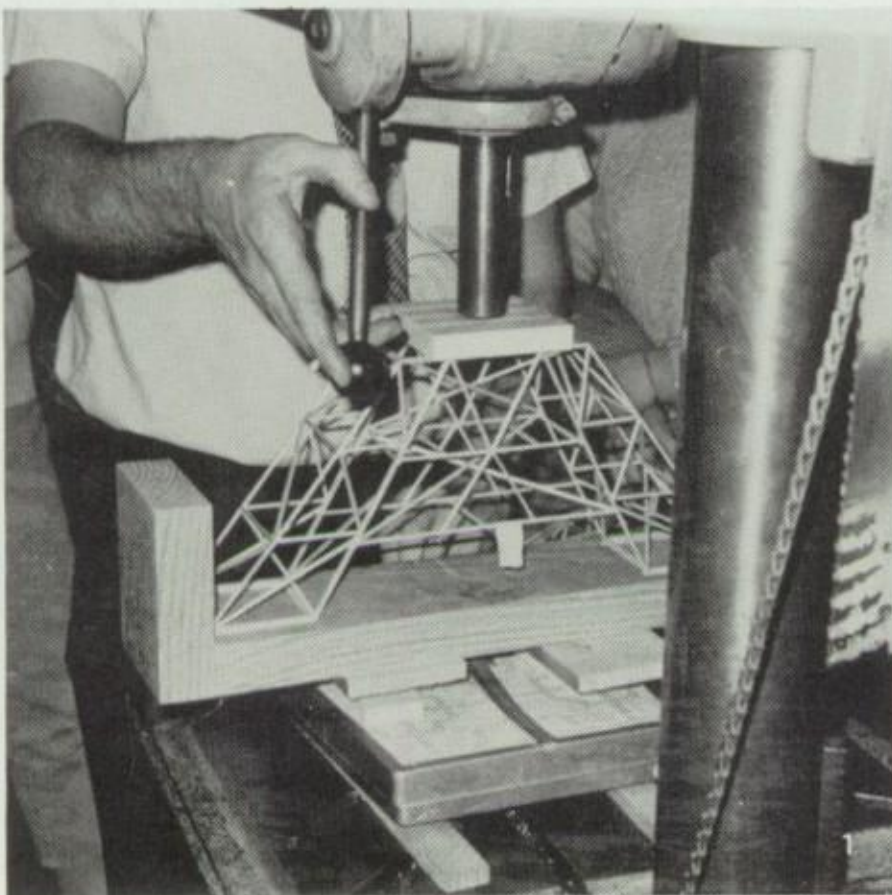

The students have three weeks to build their bridges with the materials provided. The idea of the bridge building is to build the strongest bridge possible under the specified rules.

The three top winners this year were **Robert Stroh** with the strongest bridge of

222 lbs, **Lars Peterson** was next with 154 lbs, and **Mark Johnson** with 118 lbs.

**Robert Stroh's** bridge, which was reported to hold 222 lbs., tied with **Mr. Doniak's** record that had stood undefeated for ten years.

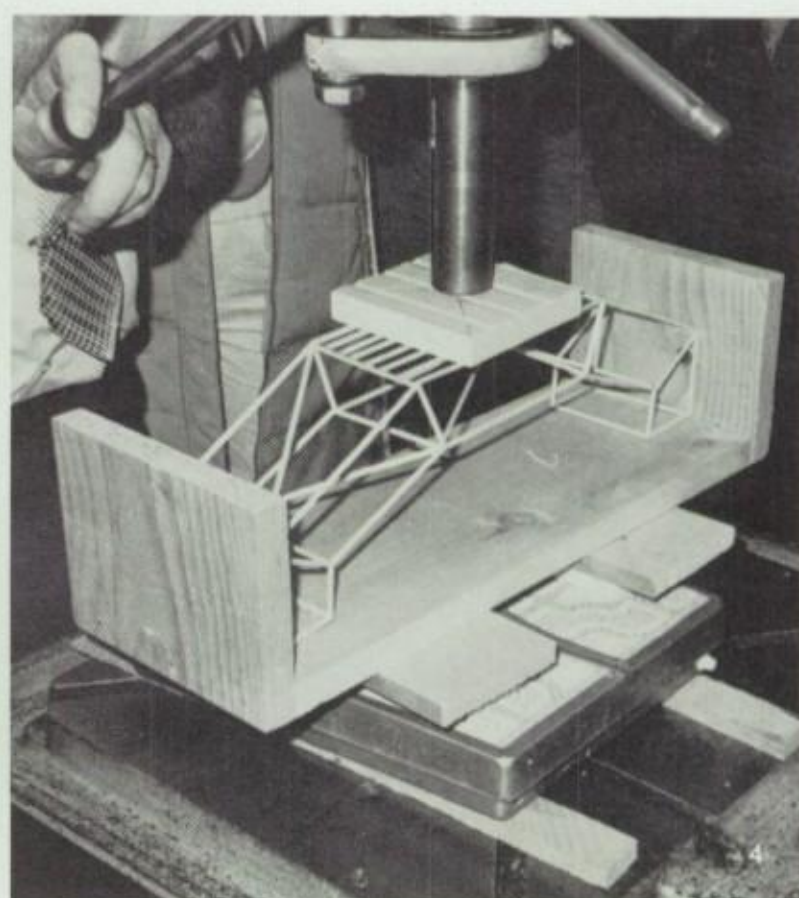

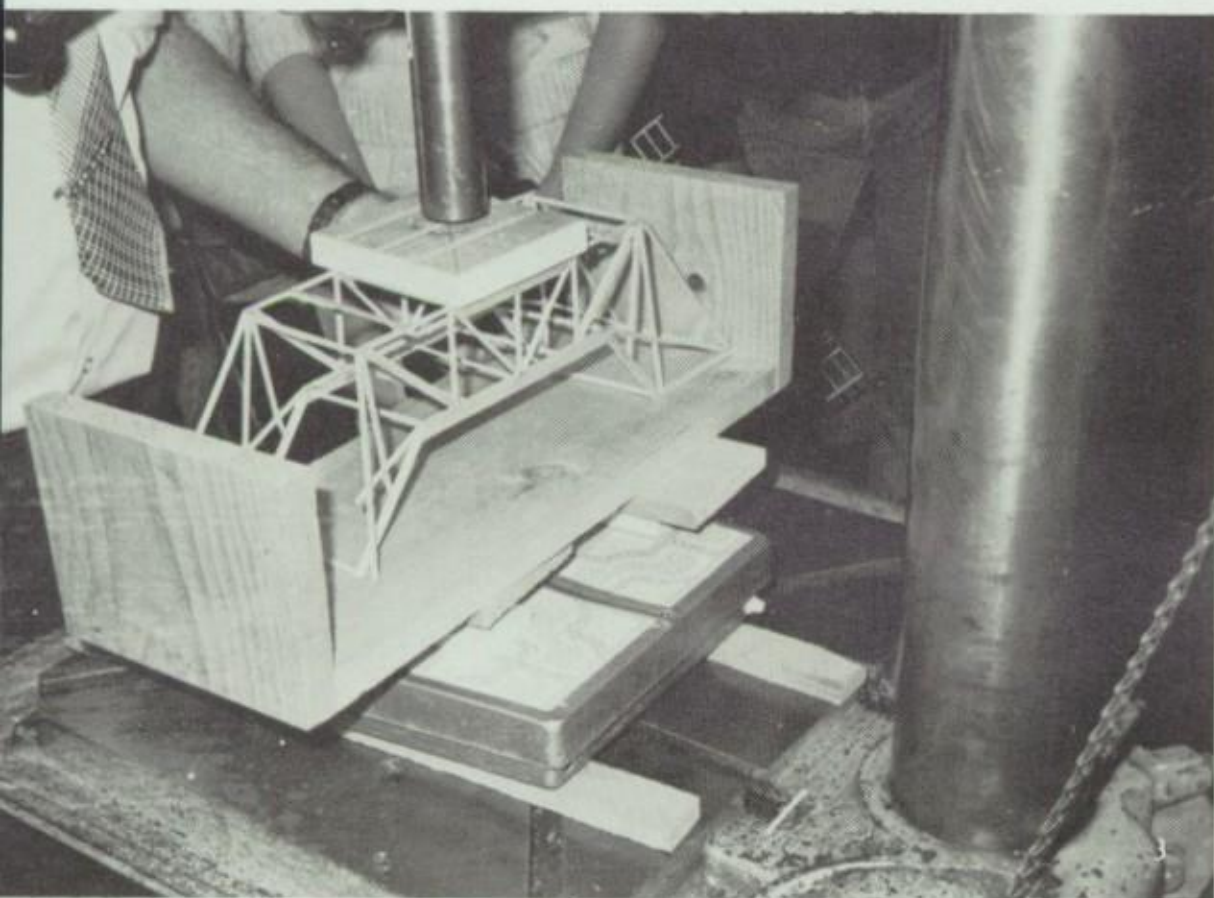

**-Louise Corbin**

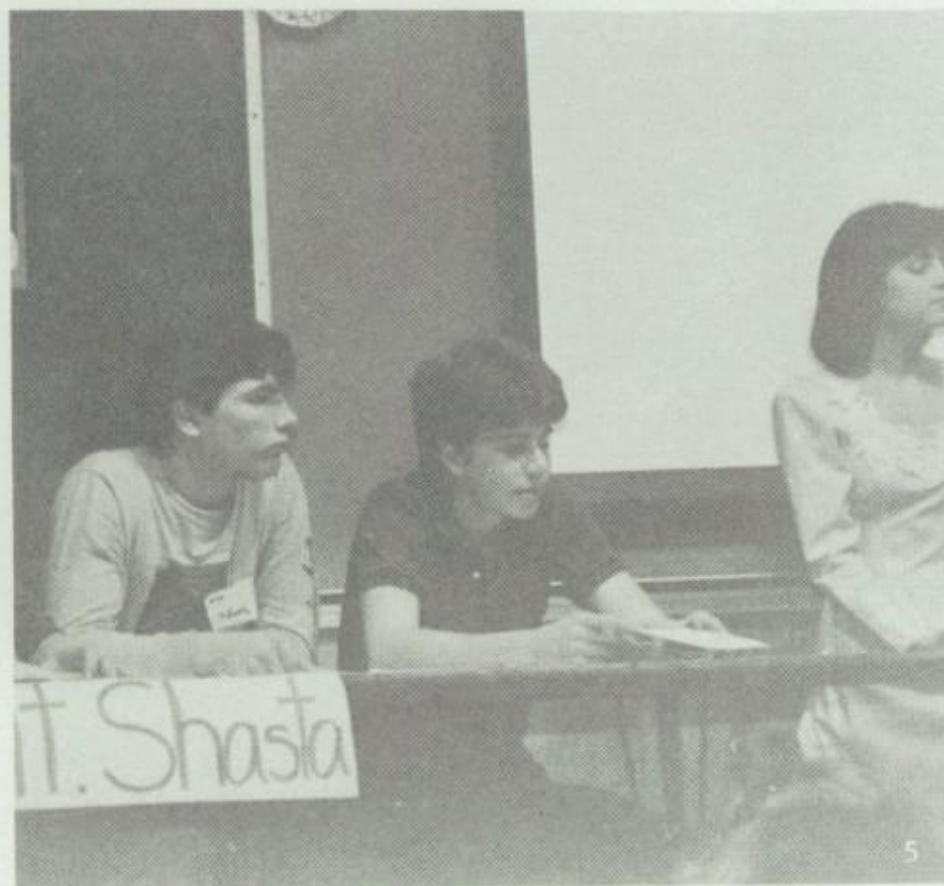

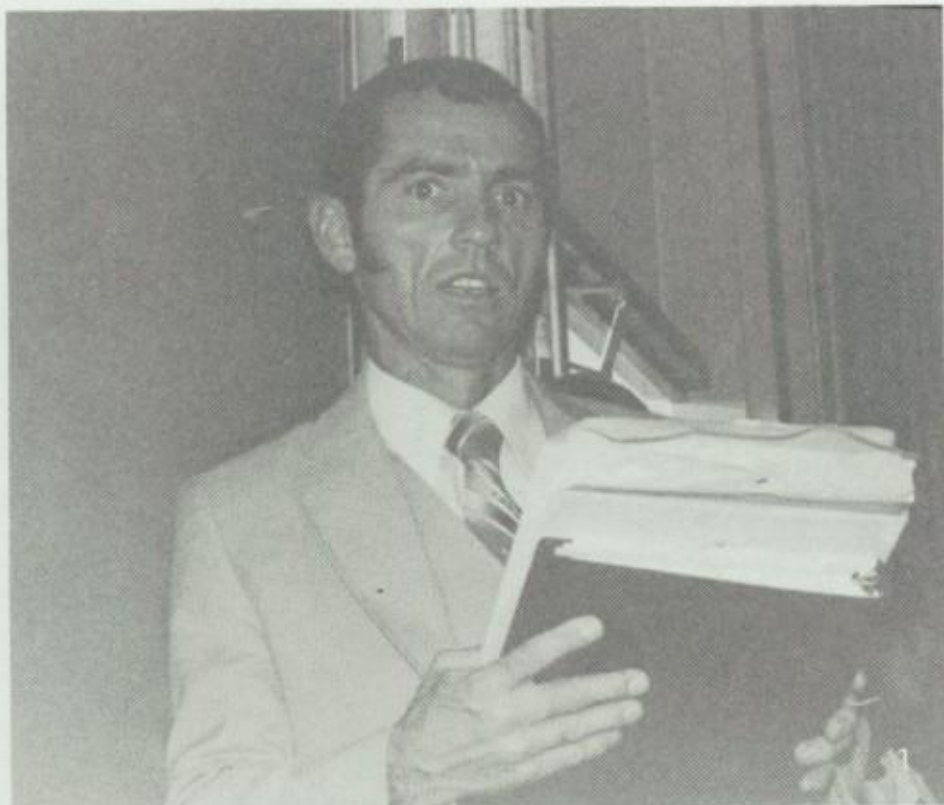

1. The smashing of the bridges begins. 2. The burning of the bridges is a tradition as much as the building of them is. 3. CRASH! 4. A great piece of art about to be smashed. 5. ANOTHER one! 6. Back row: **Greg Collier, John Douglas, Randy Wolfen, Gary Chamberlin, Pierre Peasha, Su-**

## FALCON BRAINS WIN

For four years **CENTRAL VALLEY** students have been gathering in the fall for the brain brawl to compete against several select-ed schools.

The schools that participated in the brain brawl were, **MC CLOUD, MT. SHASTA, TRINITY, BURNEY** and **FALL RIVER MILLS.**

The brain brawl was originally hosted by **RED BLUFF**, and when **RED BLUFF** stopped participating,

**CSF** persuaded **CENTRAL VALLEY** to host the brain brawl so that other schools could participate.

Along with the difficult studying, quizzing, and snappy re-flexes, the students participating in the brain brawl said they had a great time competing against other schools, and said it was a great chance to get to know people from other schools.

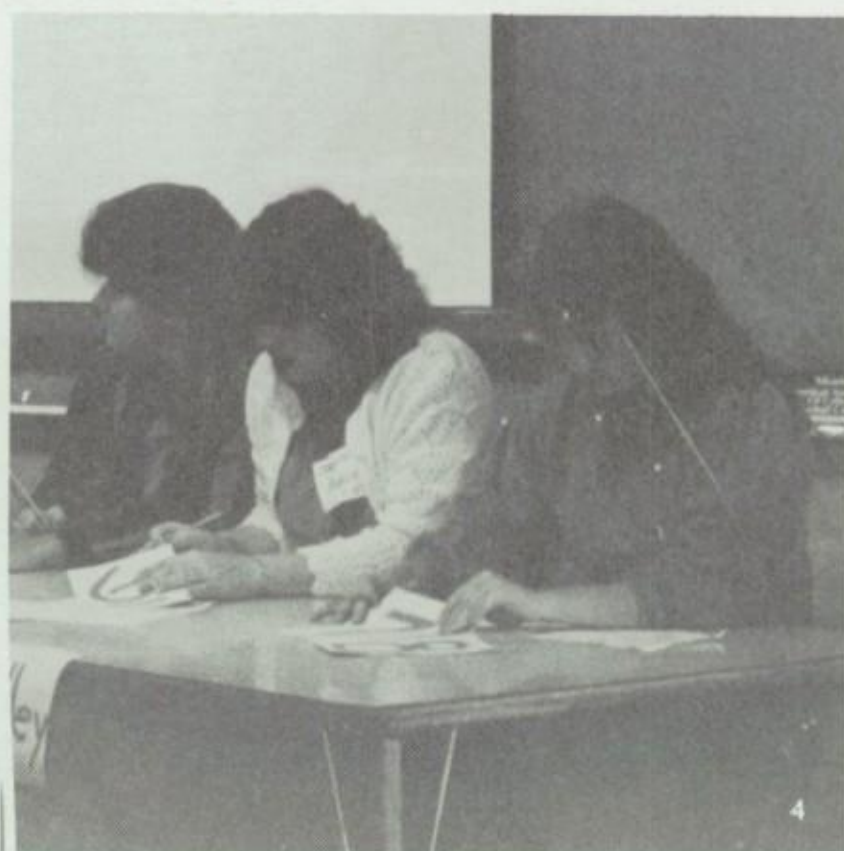

The **CENTRAL VALLEY** students

showed a lot of school spirit and did a good job. "**KEVIN WILLIAMS** was a great asset for **CENTRAL VALLEY** in the finals," reported **CHRIS FRIESEN**.

The reward for all of this hard work toward the brain brawl was winning it for the first time in its history.

Good Job **CENTRAL VALLEY!!**  
-Louise Corbin-

1. **Mr. Doniak** prepares for the big day. 2. **Mr. McHargue** laughs while asking one of the questions for the brainball. 3. **Mt. Shasta** has a fun time even though they didn't come in first place. 4. Paying close attention to the question asked, **Central Valley** wins the round. 5. **Mt. Shasta** mellows out as the day goes by. 6. **Judy Manning** helps **Mr. McHargue** out. 7. **Central Valley** team thinks they have the answer.

# A NIGHT OF CHAMPIONS

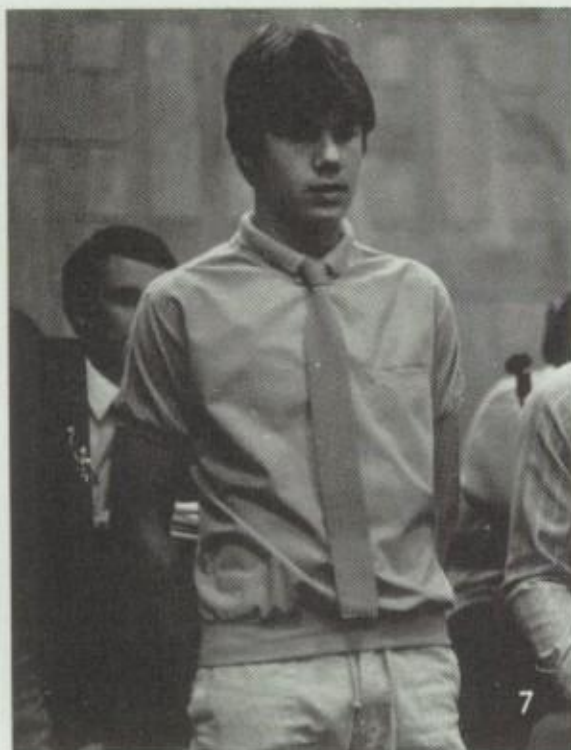

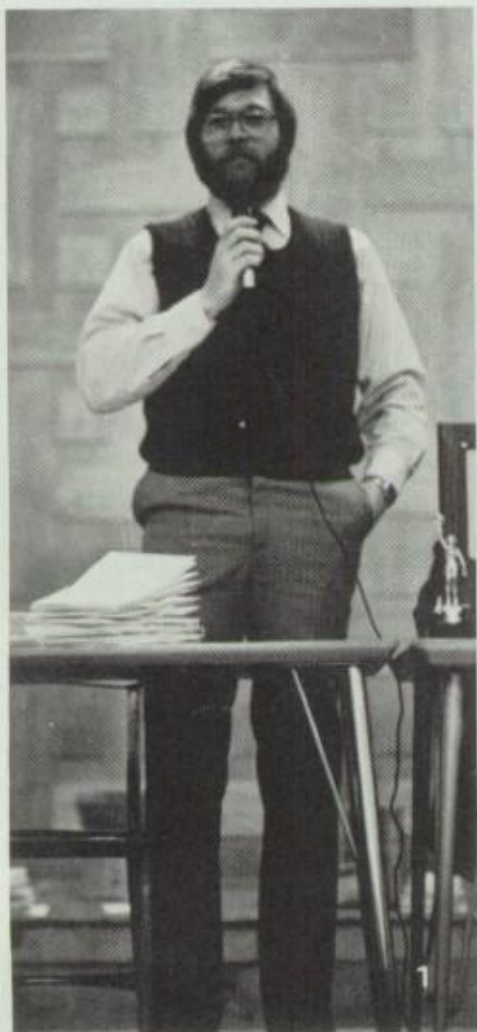

This year's **1985 Winter Awards** started out with lots of speeches. **Paul Lane**, wrestling coach, **Mr. Bailey** J.V. Boys Basketball coach, **Mr.. Eaton**, J.V. girls basketball, **Mr. Strohmayer**, Varsity girls basketball gave out some pretty astonishing awards. The most common awards were most valuable player, most improved player and the coaches

award. **Joey Ward** was the only senior to be on the wrestling team. **Joey** received two awards this year, one which said, "**Joey Ward** is a true champion". All the coaches received awards from their teams, but the most interesting one was the one **Mr. Eaton** got from his J.V. girls team. "Thanks for the fun and exciting year. We love you for

your dedication. From the J.V. girls team. #10 **Muffin**, #30 **Gumby**, #22 **Mickey**, #20 **Ward**, #33 **Doz**, #32 **Hinchaw**, #24 **Dinkke**, **Godwoman Sassbarger** #23 **Mossy**."

# GOING FAR AFIELD

The **American Field Service** is a group that enriches students' knowledge about foreign students, their countries and also their different ways of living.

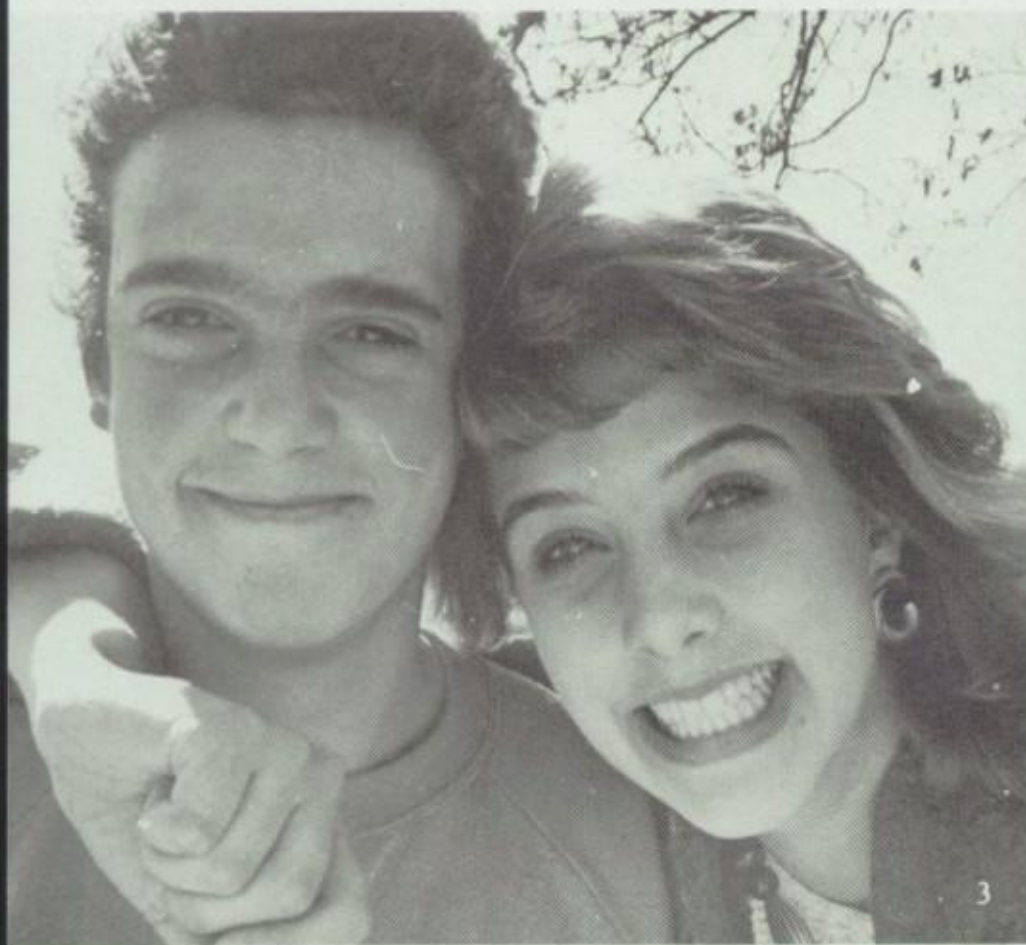

Any student can become a member of **AFS** by buying a membership card and by attending the monthly meetings.

The club helps our exchange students with funds for school, and buy their year-books. It also helps **Central Valley** students who want to travel and to have the chance to live in a different country.

**Central Valley** does not have any students in a foreign

country this year, but we do have two foreign students who are attending **Central Valley**. They are **Ricardo Carro** from **Spain** and **Olof Cardelus** from **Sweden**.

# SENIORS ACHIEVE EXCELLENCE

C.S.F. held a Dessert banquet to honor ten seniors as life members. The seniors were **Belinda Craig, Chris Friesen, Kim Kemper, Judi Manning, Stace Rader, Derek Sanderson, Susan Carroll, Sheri Hammonds, Jenifer Hale,** and **Brian Dierksen.**

These seniors have

worked very hard during their years in high school. To become a **Life Member** you must have been in **C.S.F.** four semesters between tenth and twelfth grade. One of these semesters has to be your senior year.

At graduation these life members wore a gold tas-

sels on their caps and a gold rope across their chest.

Being a life member shows that a person has achieved consistent academic excellence which each of them has worked hard to achieve.

The **California Scholarship Federation** is a group of students who are outstanding in their academic studies.

To become a member of C.S.F., you must receive a certain amount of points acquired in academically oriented classes. Belonging

to **C.S.F.** can help you with college entrance and scholarships.

The advisors of the **C.S.F.** are **Mr. Ashcraft** and **Mr. Doniak**. The officers this year were **Chris Friesen**, President, **Stace Rader**, Vice President, **Nancy Wiener**, Secretary, and **Kevin**

**Williams** treasurer.

**C.S.F.** held a cake raffle as a fundraiser during basketball season. They also organized a field trip to **U.C. Davis**.

# WHAT IS ROP?

**ROP** stands for **Regional Occupational Program**. **ROP** is vocational or technical training that provides students with skill training in different occupational fields. This skill or job training gives high school students the opportunity to learn about a specific job or career from professionals by working right along side them. This

training can be in a regular class room, a bank, a hospital, a firehall, a service station, a department store, a restaurant, or in a beauty shop.

**ROP** training is designed to furnish students with entry level marketable skills, job placement assistance, and job seeking skills. The success of present and former **ROP** Fal-

cons can be seen working at the **Redding Medical Center**, **Redding Police**, **North Valley Banks**, several convalescent hospitals, **CDF**, retail stores, and **Red Lion Inns**. Others have gone on to further their educations in their specific fields.

## LOOKING TO THE FUTURE

The **Future Farmers of America** had a hard time during the year. Some sheep and cows were killed this year by neighboring dogs, other than that, the turnout of the students was

pretty good. They raised pigs this year to sell at the fair. **FFA** students really enjoyed what they were learning and doing.

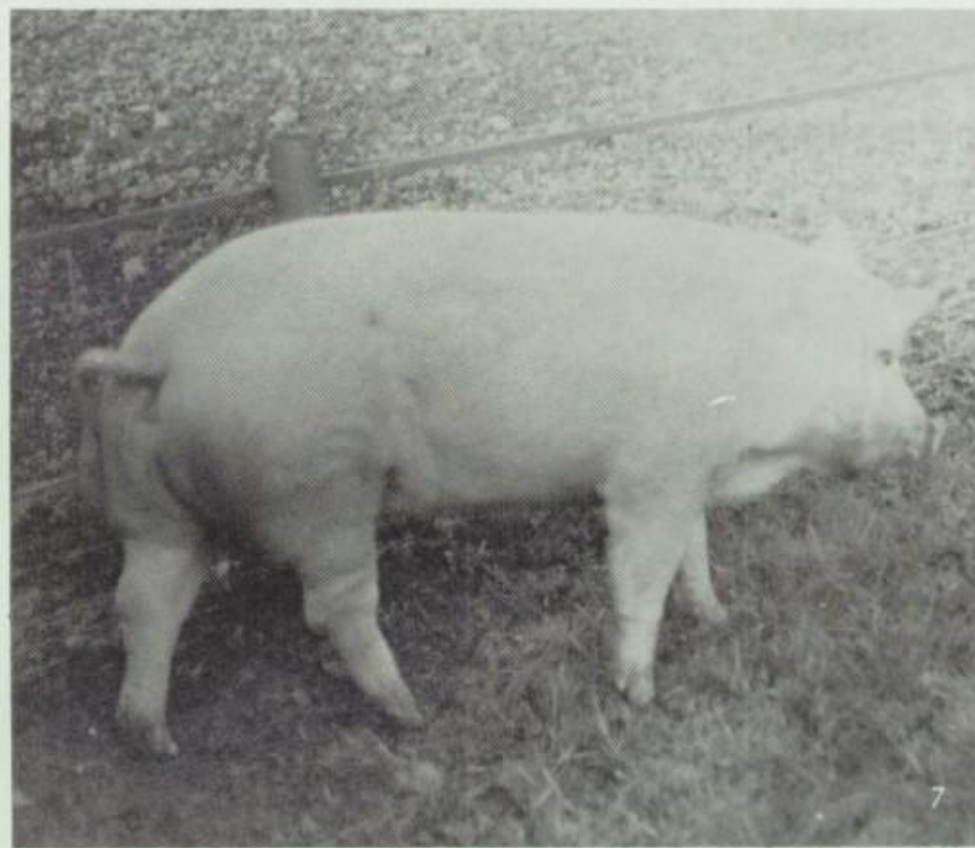

The personal reward of being a part of **FFA** was

learning great responsibility and being able to lead other people in the years to come.

# HOME EC SURVIVES

Because of graduation requirements, classes have been changed. **Home Economics** is one of these. Needlepoint, interior decorating, child care, and budgeting were a part of **Home Economics**. Now only a few classes are given.

**Mrs. Silveira** teaches chefs' foods. It's a coed class with mainly seniors, but juniors are welcomed. This class covers finding a place to live, parenting skills, cooking, and generally how to survive on your own. "We have a really active

**Home Economics Advisory club,"** said **Mrs. Silveira**. The class is planning a trip to San Francisco with **FSA** in the spring.

-Laura Johnson

# BUSINESS CLUB TOPS

**Central Valley Business Club** has a lot to offer this year. The Leaders are **Tammy Dennison** as President, **Matt Wilhelmson** as Vice President, **Kathy Holli-day** as Secretary, **Jennifer Gordon** is Treasurer, and the program director is **Rick**

## MY STRUGGLE

I am a girl who was born into a country of hatred and violence. I lived in **Saigon**, the capital of **South Vietnam**, until nine years ago when I left my battle zone home for a country called **America**.

When I first came to **America**, I did not know how to speak its language nor did I know about its way of life. Eventually, I learned to speak the **American** language and to adapt to this environment.

After learning the alphabet in first grade, I was placed into fourth grade to start learning from there. Then, I was enrolled in the **Upward Bound** program in 1982. This program was set up to help me with my education for college. I do plan to go to **San Jose State University** for my future career.

Being able to come to **America** gave me a new start, as if I had been born into the world again. I never can believe that I am in **America** now; it is all a dream that happened to come true.

Attending **Central Valley** was easy for **Stephanie**, but there was one hard class out of the past three years and that, said **Stephanie**, was **Mr. McHargue's** class.

**Stephanie** was very active in student counsel all three years at **Central Valley**. She also participated in basketball and was football mascot. **Stephanie** enjoys skateboarding as a hobby.

Her future goals are to attend college for five years. She is not quite sure of what she would like to study, but she would like to be an International Fashion Merchandiser.

## A LOOK AT BRIAN COLLIER

**Brian Collier** is not your everyday typical junior. He feels that **Central Valley** is a pretty cool school.

"The seniors of '86" should play a major role in **America**," said **Brian**. "I wouldn't be surprised to see graduates from this incredible year eventually have control in the **United States**. There will be graduates who will lead **CV** from the land of obscurity onto the **Plateau of Prosperity**, keeping in mind of course, our great predecessors, who inspired us such as **Mr. McHargue**."

**Brian** has been active in sports; he

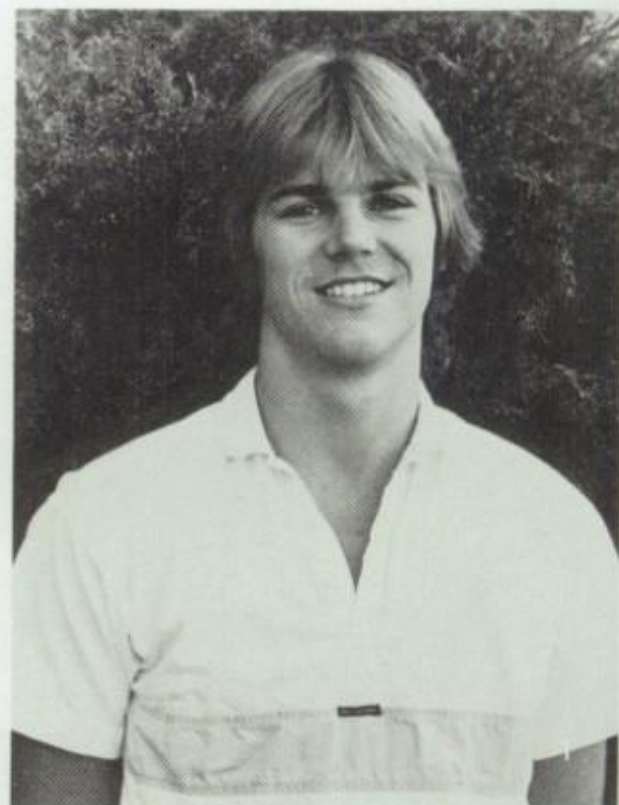

played football for **Nova**, then CV's jv. team and varsity.

His favorite hobbies are astronomy, sports and dances.

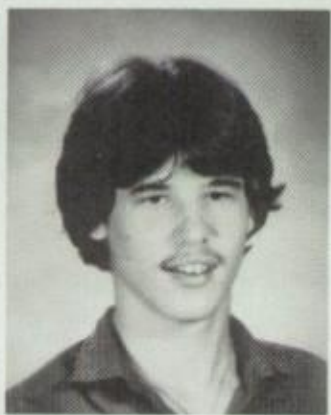

The one award he is most proud of is: The **Philosophical Bung Award** presented to him by **Mad Magazine**.

His goal in life is to go to a four year college and major in engineering or medicine. **Brian Collier** is definitely one to be remembered.

## CANDY NAYLOR

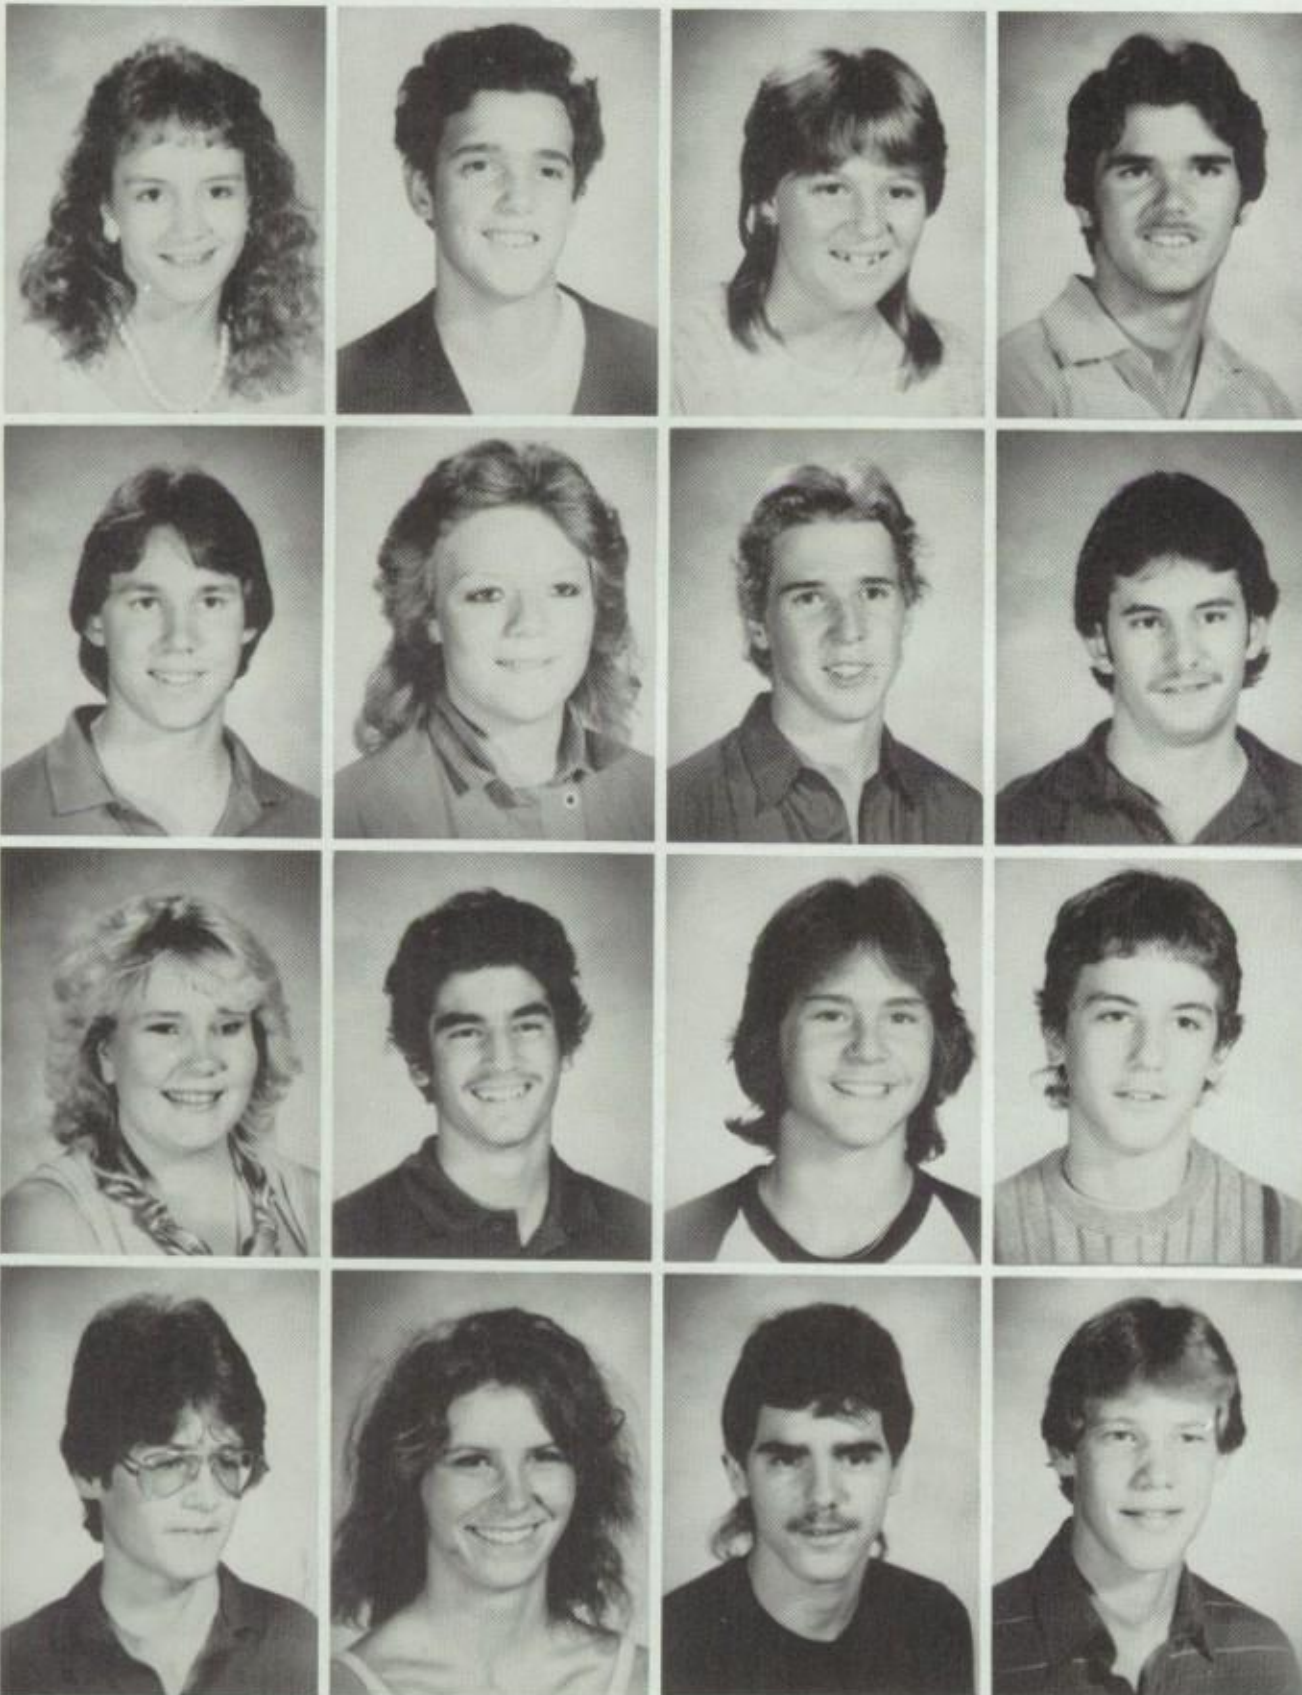

Have you seen a junior at **Central Valley** who laughs a lot? Well, if you have, it probably was **Candy Naylor**.

**Candy** likes **Central Valley**, but it's the people that make her feel that way. Her favorite class is typing. When asked what her opinion of the class of '86 was, she said, "We'll probably be

the loudest, rowdiest class ever. We'll set a great example for everyone from here on."

Her favorite hobbies are snow skiing and riding horses. She also has been rodeo queen.

Candy's goal in life is to succeed in everything she does. So far she has at Central Valley.

He's an enthusiastic sophomore, who is involved in Football, Wrestling, and Baseball. He served as a senator on **Student Council**. He thinks our school has a lot of spirit and is proud to go here. He also believes the sophomore class has plenty of enthusiasm.

When asked about rallies he said, "Rallies are fun; everyone gets into them." He thinks the Competition Yell makes the classes go against each other, but the Unity Yell brings them together.

Although **Dr. Joseph Appel** has been the superintendent of the **Shasta Union High School District** for only four and a half years, he has made many changes and improvements in the schools. He has helped to raise the gradu-

ation requirements. He has worked on establishing more advanced placement classes, and he instigated the mentor program in the science, math, and English departments on a district wide level.

**Dr. Appel** frequently visits

the high schools so he can better see how his efforts are effecting the students, and what more he can do to raise the standard of education.

# MR. McMULLEN

**Mr. McMullen** has been a teacher and coach for seventeen years. He worked at **Enterprise** as assistant to the **Vice Principal** for three years, and has worked at **Central Valley** for eight years. He hopes to help get his children through college, work for the high school dis-

trict, and finish his doctorate. He likes to golf, play the guitar, work on kids' cars, and to stay active and fit.

We talked with **Mr. McMullen** and asked him how he felt about **Mr. Riley's** leaving CVHS. "He's done his work and I feel he de-

serves to rest for awhile. I envy him for getting to play golf all the time," he replied. "He's so active I don't think he'll ever be bored." Mr. Riley is a great administrator, and he is not afraid of making decisions. **That's important to his job."**

## TEAM WORK PAYS

The **Junior Varsity Boys' Baseball** team of 1984-1985 has the skill to make this year's team outstanding. Practice everyday makes team work hard, and they

support each other. They have the ability to learn what they need to know to be good during games.

Next year, if a majority of the players return, the **Cen-**

**tral Valley Baseball** team will be a tough contender.

## QUICKNESS AND SPEED

"Baseball is a game of scoring runs, and if we score more runs than the other team then we win. Sounds easy doesn't it?". This is how **Mr. Tom VandeVenter** feels about baseball. Although scoring runs isn't everything,

you have to have the qualified players to make those runs.

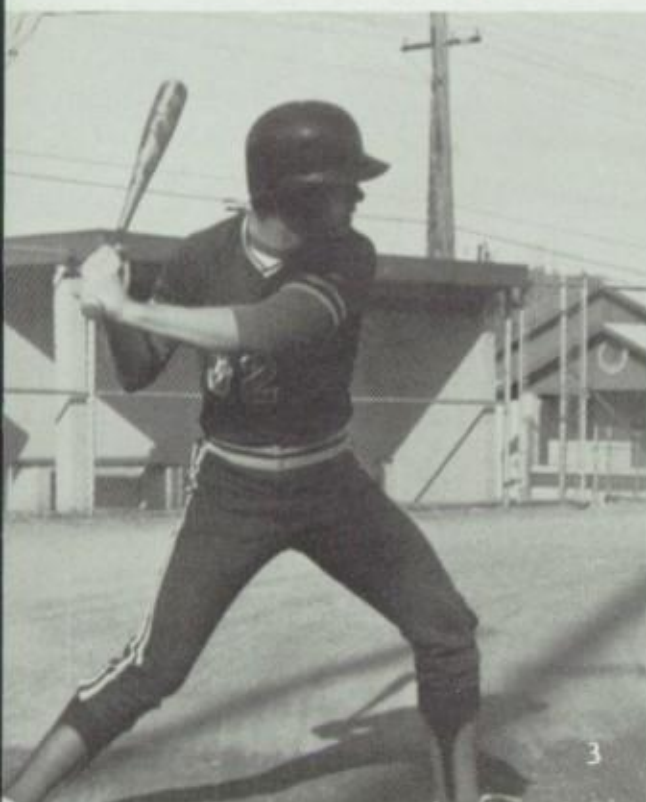

Qualities of a good player are a strong arm, quickness, speed quick bat, hustle, enthusiasm, and willingness to work and get better: Most

of all, desire to play the game. All of these qualities describe **Central Valley High** baseball team.

# A YOUNG TEAM FOR J.V.

The new J.V. coach **Sally Ephland** expects a competitive season. When asked how she liked coaching she said, "I Love it! It's my first year and I'm really enjoying it."

During practices they work out by hitting off the

pitching machine, infield practice and a lot of running. With this being one of the youngest J.V. teams (only three Sophomores on the team), Sally is expecting them to have a lot of fun. "This is a freshman

team but a strong team. It's a lot of fun being one of the three sophomores because you have a chance to meet many new people who will be at **C.V.** next year," said **Cathy Reon.**

# VARSITY HAS THE MISSING LINK

Coach **Stephanie Isaac** describes the **Central Valley Softball** team as "a real fun group to work with, real special, they have a good sense of humor, yet they are very determined."

According to coach **Isaac**, the group of girls on the team have the missing link that was missing last year, and that missing link was unity. "I think this years team has the talent to go

far and I am looking forward to a great season" says **Elizabeth Humphrey**. If all goes as expected this team should be a strong contender in the league.

If all goes well **Theresa** plans on continuing with volleyball, basketball and softball next year and plans to keep playing them for a long time to come. When asked why she liked sports she replied, "I like sports because it is an outlet for students and helps to relieve some of the pressure."

## TEEING OFF

This years golf team has surprising new players. **Mr. Howard**, who is the coach, said that this year they hope to have an exciting season and new hopes for the team.

There were eleven peo-

ple on the 1985 golf team, they hoped to have a golf a thon to raise money for team uniforms.

## GETTING THINGS DONE

The spring student council's main goal is to arrange activities that everyone will enjoy. They have arranged dances and rallies to promote school spirit. Every officer will get a chance to participate in organizing at least one activity. Many of them do more than one.

At the meetings they discussed upcoming events, new ideas and the **Central Valley high** constitution. They are also in charge of student government.

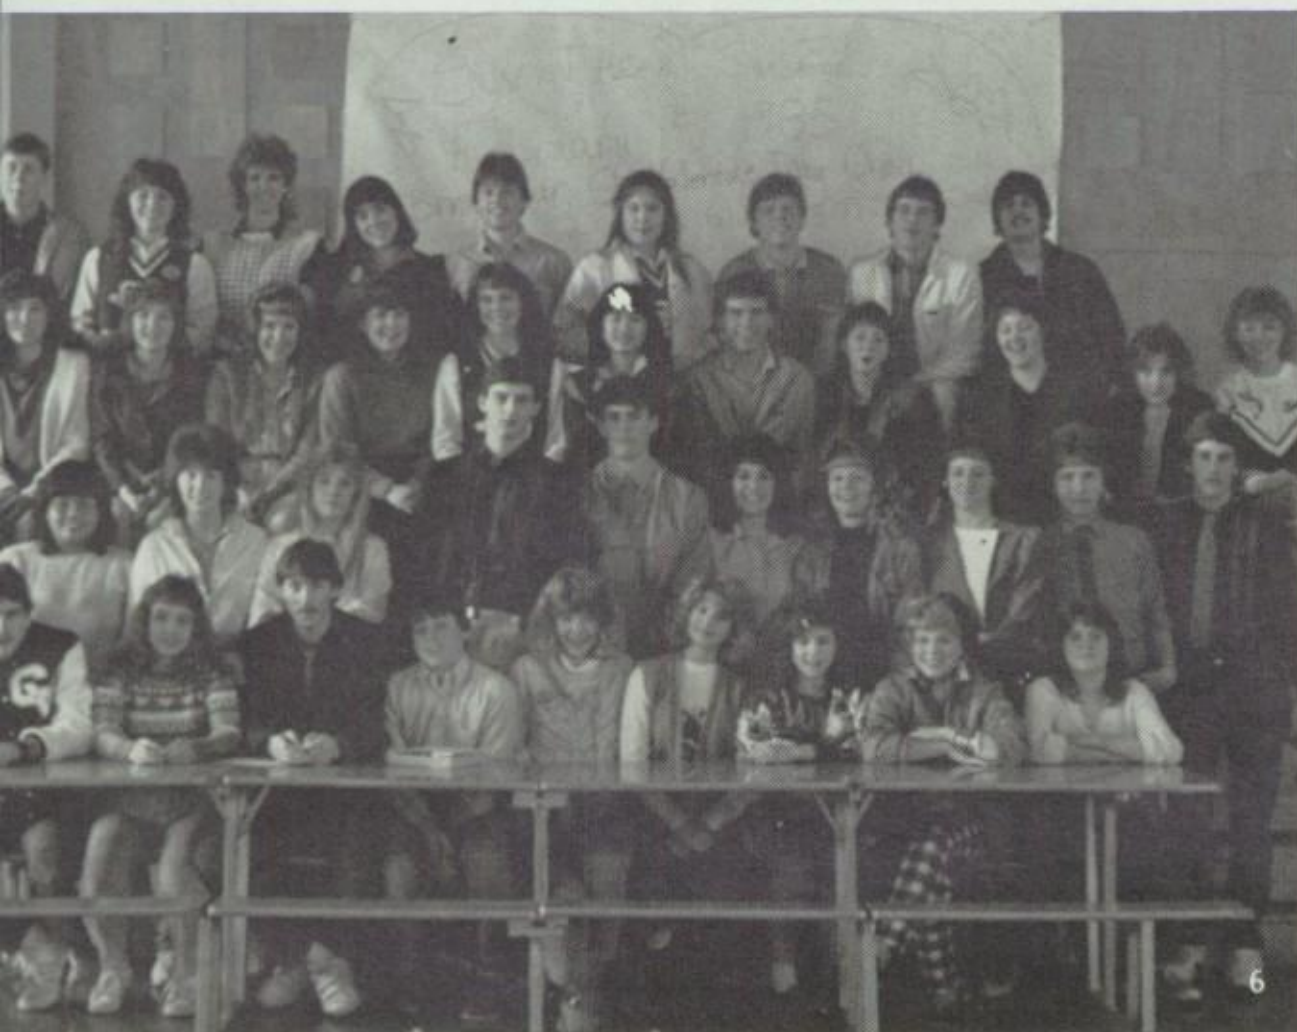

This year they started a new group of officers called Representatives, they are elected from each history

class to represent them. They attended meetings 5th period and then reported to their classes what was discussed. It is a way of letting the whole student body know what is going on.

## OFF AND RUNNING

This year the girl's track team has many new members which makes the team a rather large one, but **Mrs. Doniak** is sure that they will do well. They started training in **February**, and their first meet was **Blue vs.**

Love at the net describes this year's boys tennis team. **Roy Bergstrom** has been coach for the boys-tennis team for the past five years. When asked how he got into coaching tennis, he replied, "When I first came to Central

Valley they needed a tennis coach and I had a lot of experience with tennis, so I got the job."

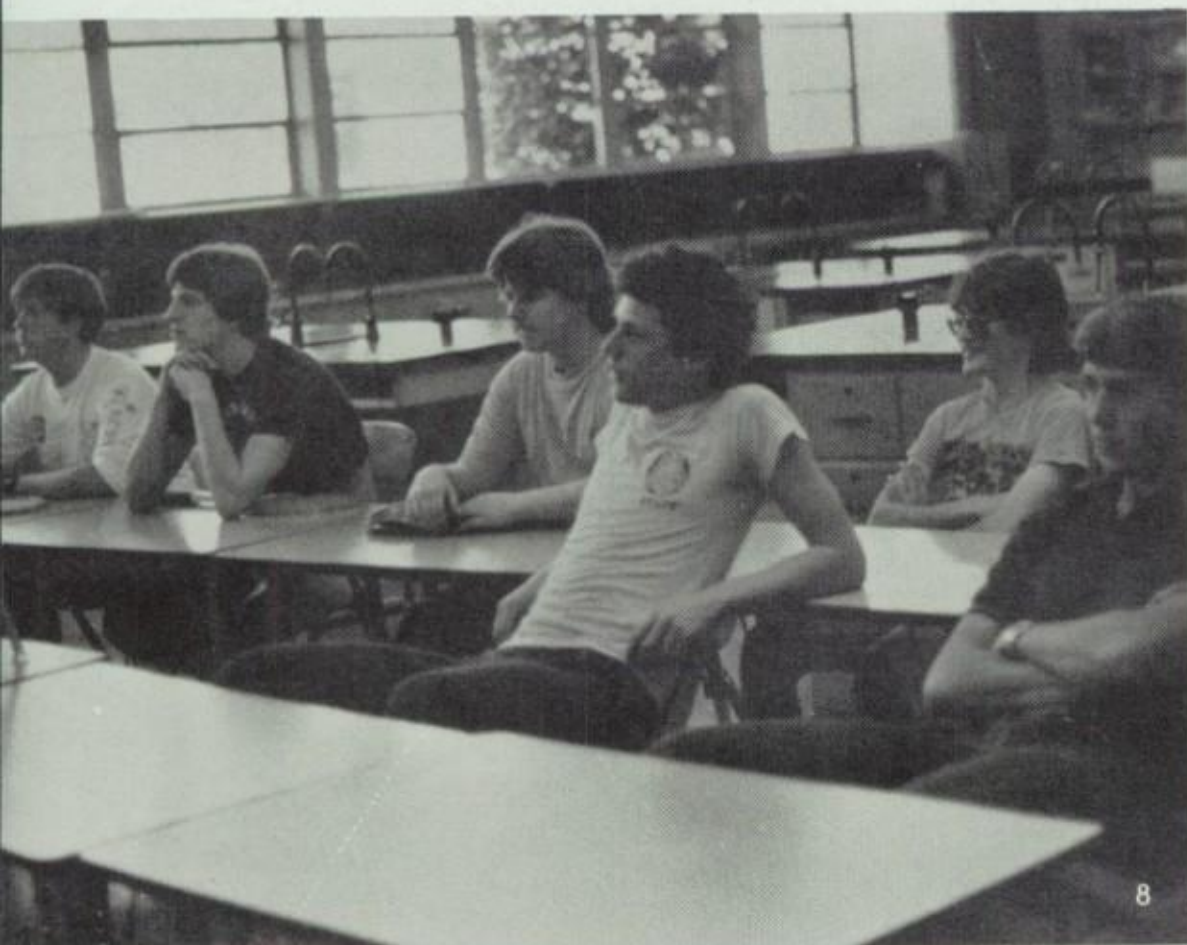

The tennis team will play in approximately ten matches and all together they will practice 120 hours. They had a **Ser-**

**vathon** to raise money to buy team shirts. This was the first year for the **Servathon**. The most valuable players are **Kurt Champe, Ricardo Carro** (a foreign exchange student) and **Steve Johnson**.

# ELEGANT JUNIORS

The junior class did something a little different this year for the prom. Instead of just putting on the prom, they helped the students get new insights on the

prom fashions and provided a pre-book with information on restaurants, florists, and pictures.

The prom Fashion Show turned out to be a great

success. Juniors modeled prom dresses and tuxedos with the help of the surprise teacher — model **Mr. McHargue.**

### Remember A Smile

I've received  
Now its time to give  
What I've believed  
Is how I've lived  
And so did Bill  
That's fact and so  
He lived his will  
Then had to go  
Just why God knows  
And doesn't tell  
But what Bill showed  
Was not towards hell  
He gave his best  
And more to me  
And showed the rest  
For all to see  
So men like he  
Are all around

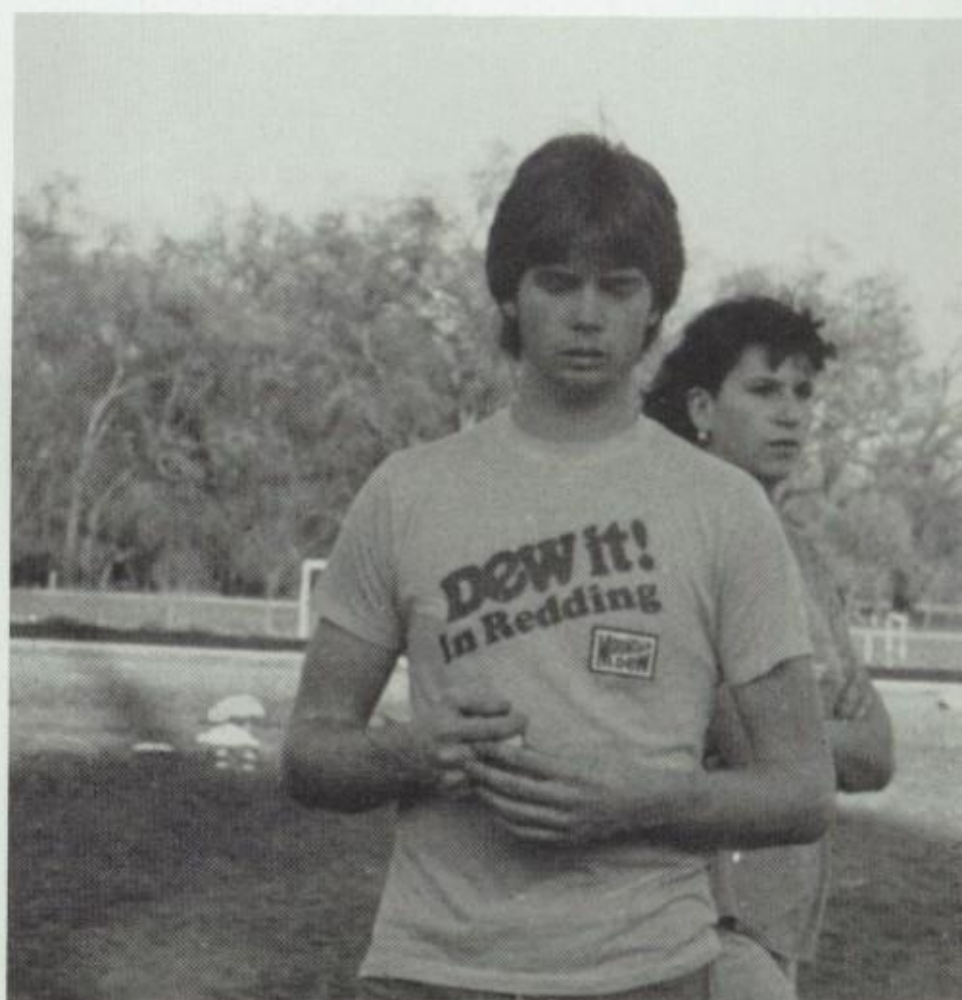

Not realized  
Till can't be found  
I know Bill lived  
Just what he sought  
Just what he found  
Others had not  
And had he soul  
Stronger than most  
The lucky few  
Who've stood their post  
I pray thee God  
That I may live  
To spread a smile  
Like Billy did  
Now memories found  
Of past ago  
Bring smiles around  
Those smiles I show
